SUPERVISOR'S PROCEEDINGS

(Continued from page 2)

John Sullivan 15.50
E. Gibson 77.40

12 o'clock, noon; on motion Board adjourned until 1 o'clock p. m.

John Sullivan, E. F. Porter,
Chairman. Clerk.

O'Neill, Neb., Oct. 31, 1929

1 o'clock p. m.
Holt County Board met pursuant to adjournment, all members present but Stein. Board called to order by the chairman. Board spent some time in conference on bridge and road matters.

3 o'clock p. m.; on motion Board adjourned until November 25, 1929 at 10 o'clock a. m., unless sooner called by the Clerk.

John Sullivan, E. F. Porter,
Chairman. Clerk.

EMMET ITEMS

(Last Week)

Henry Werner helped Joe Ramold butcher, Monday.

Homer Lowery butchered a hog for Sam Jennings last week.

Joe Hurley visited the Patrick Corigan family last week.

Mr. and Mrs. Fred Barnes and Mr. and Mrs. Dan O'Connell called at the Corigan home Sunday afternoon.

Mr. and Mrs. William Cuddy, Joe Hurly and Mrs. Pat Barrett were dinner guests of Mrs. Julia Samples, Saturday.

Mrs. Ed Barrett went to Norfolk Sunday to bring home her father who has been taking medical treatment at that place.

Mr. and Mrs. Sam Hickman, Miss Esther Davis and Mr. and Mrs. Fred Beckwith called at the Guy Beckwith

home Sunday afternoon.

Miss Lila Werner, who is employed at the Guy Cole home in Emmet, spent Sunday at the home of her parents, Mr. and Mrs. Henry Werner.

Miss Wilma Kee is doing the house work and taking care of the baby at the Clarence Ernest home this week while Mrs. Ernest is helping her husband finish picking corn.

Mrs. Joe Corrigan; Mrs. Froyley; Mrs. Monahan and daughters Eileen and Marjorie; Mrs. Pat Barrett and Mrs. Joe Neigotski called on Mrs. Julia Samples Sunday afternoon.

Miss Mable Werner helped with the housework at the William Posnicker home last week. They dressed 79 turkeys in four days, and plan to dress another bunch for the Christmas market.

There are many large and beautiful flocks of turkeys in this vicinity. Their owners are having difficulty in disposing of these birds at a price that will allow them a fair margin of profit. It is hoped that the Christmas market will be much better than the Thanksgiving market.

Miss Esther Davis and brother Ted plan to start for Roca Wednesday morning so as to be at the home of Mr. and Mrs. Custer Johnson for Thanksgiving dinner. Mr. and Mrs. Johnson lived on a farm southwest of Emmet before moving to Roca several years ago.

Mrs. Henry Werner, daughters Mabel and Lila, and son Kenneth, plan to leave here about 4 o'clock Saturday morning and drive to Pilger, where they will visit at the home of Mrs. Werner's brother, Henry Myers. From there they expect to go to Norfolk to visit at the home of Mr. and Mrs. Frank Lee.

EDUCATIONAL NOTES

Dedication services were held on Friday evening, November 22nd for the new school building in school district No. 84. The building is one of Holt county's finest rural schools. It cost approximately \$2,300.00. It has been furnished with new, up-to-date desks, has a full basement with a furnace, and is a modern school in every respect. The district is also building a new barn which will accommodate several horses and garage room for the teacher's car. In spite of the very severe weather, a good crowd was in attendance. After a short but entertaining program by the pupils of the district, Mr. Roman Rohde gave the facts regarding the new building, how the money was procured, the way the building was built and so forth.

Mrs. John Storjohann, a former teacher in the district, gave reminiscences of her experience as a teacher there.

Mr. James Donlin gave a very interesting talk on the early history of the district. He is now the oldest settler in the district and was one of the very first to settle there. He lived here when the deer and buffalo roamed the prairies and recalls the days of the ox teams.

Then Mr. Rohde gave some experiences of his as a small boy attending school in the district some thirty years ago. He paid tribute to Mr. J. A. Donohoe as one of the outstanding teachers in his school life.

Mr. James A. Donohoe, of O'Neill was the speaker of the evening. He congratulated the people of the district on the fine school building, and having progressed so rapidly. Mr. Donohoe had his first teaching experience in this district as a lad of seventeen. His reminiscences of the days spent here were happy and he thanked the people of the district for the kindnesses shown him at this time when it meant so much to him. He gave a very inspiring talk upon his trip through Europe with a very vivid account of his travels through the Holy Land. We could not help but envy him his wonderful privilege of traveling through the sacred lands of Jerusalem. The people of the district felt that they were especially privileged in hearing him.

The lines of the dedication service were then read by County Superintendent Luella A. Parker, and the school was made a Standard school. To close a very successful evening bountiful refreshments were served in the basement by the ladies of the district.

The teacher is Miss Viola Henning and the school board members are as follows:

Mrs. John Storjohann, Director.
Roman Rohde, Moderator.
Mrs. Mary Donlin, Treasurer.

The community of Page observed Educational Week at the M. E. church, Sunday, November 17th. Songs were sung, a display of the school work of both the rural and the Page public schools were shown and a report from the Women's Club Library was given. An interesting talk was given by Rev. McKeon on "The School and Church."

The following school districts have been visited by the County Superintendent within the past few weeks: Districts No. 142, 110, 173, 29, 89, 119, 91, 23, 146, 131, 83, 118, 184, 46, 18 1/2, 196, 108, 227, 15, 37, and 92.

"MOTHERS WILL KNOW HOW HAPPY I AM NOW"

"Three bottles of Sargon and Sargon Soft Mass Pills relieved me of gall bladder trouble that I suffered with for seven years.

MRS. G. W. HUPP

"The treatment strengthened me so wonderfully I started giving it to my little girl who never had been well. Her appetite was finicky; things disagreed with her and she was too nervous and run down to even take physical exercises at school like other children.

"Sargon made her well and strong again and any mother can imagine how happy I am! Her appetite is fine, everything agrees with her and she's not nervous any more. Sound, restful sleep has helped her gain strength and she looks and acts like a different child.

"Sargon Pills are the most effective laxative I ever used and yet act so gently, my little girl didn't mind taking them at all. I can certainly recommend this splendid treatment to anyone sick or rundown."—Mrs. G. W. Hupp, 3508 S. 20th St., Omaha. Chas. E. Stout, Agent.

MEADOW VIEW SCHOOL NOTES

(Last Week)

There were four visitors at our school the past two weeks.

The seventh and eighth grades have recently added another subject which is Civics.

The eighth graders assisted the teacher in hearing some of the class-

es one day last week.
The first grade is reviewing the poem, "Where Go the Boats." Eugene L. Owen, Reporter, Dist. 12. The school has been running smoothly this month. Our monthly examinations were held Wednesday, October 20th, resulting in the school rising three points.
The fourth and fifth grades are devoting their spare time to making booklets. The fourth grade is mounting Indian pictures with suitable descriptions, while the fifth grade is mounting and collecting pictures of famous ships of all nations, giving a short history of each.

Lost, strayed or stolen - the power they had when new

Must your piston rings slide over mountain tops?

WHEN your oil gives way, pistons and cylinders scratch and score each other. Soon you have a series of mountains and valleys. Smoothness is gone. Power, also.

One car out of three must be overhauled before 12,000 miles.

A new oil has been produced to keep cylinder walls smooth—to retain your motor's youthful power—to stave off the inevitable overhaul for tens of thousands of miles.

The new oil is The New Tagolene, made in accordance with a new process perfected by

Skelly chemists.

The New Tagolene is not merely a heavier oil (although each grade is heavier than before). It is a better oil at low engine temperatures, and remains a better oil at highest motor speeds.

Such an oil will save you money and worry.
