Sweetie

Paramount's Musical Comedy
Riot, with

Nancy Carroll, Helen Kane,
Jack Oakie. See these stars.

Hear these hits:

"Sweeter Than Sweet"—Nancy Carroll sings this catchy heart song.

"I Think You'll Like It"—Helen Kane, the "Boop-Boopa-Doop" girl, coos another sensation.

"The Prep Step"—A singing, dancing number with all the pep of "The Varsity Drag."

"He's So Unusual"—Whooping it up with Helen Kane, the phonograph-record panic.

"Alma Mammy"—Paramount's prize package; Jack Oakie, doing a comedy number that's a side-splitter.

DIDN'T DREAM SARGON COULD BENEFIT HER SO

"I didn't dream of the quick and lasting benefits Sargon would bring me after other medicines I took for seven years failed completely.

MRS. JAMES F. JENSEN

"My appetite failed me, my food lost its taste, my digestion was poor and my stomach was very acid. I suffered dreadfully with headaches, caused from a sluggish liver, and was so nervous I seldom ever enjoyed sound sleep. I took five bottles of Sargon along with the pills and now my system seems free of acid, my appetite is fine, my food agrees with me and my whole system is strengthened and invigorated! My nerves are relaxed, I sleep fine and get up mornings refreshed, alert and energetic! Sargon Pills had a wonderful effect on my liver, my headaches are over and I feel like a different person."—Mrs. James F. Jensen, 3427 Sahlar St., Omaha.
Chas. E. Stout, Agent.

NEBRASKA PROFITS BY "PAY-AS-WEGO" POLICY

The "pay-as-we-go" policy, inaugurated many years ago in Nebraska finance, and rigorously adhered to in these present days as a wise public business policy, gives prestige to the state among its own people and arouses the secret envy of other states where bond issues for public improvement have created a large tax burden.

Nebraska has not always been out of the "red." In 1875 bonds in the sum of \$50,000 were outstanding. The last of these were paid and cancelled in 1900, according to State Treasurer Stebbins. For thirty years there has not been a bond against the state.

Besides a comfortable cash balance in the state treasury—\$4,683,471.44 on December 1—bonds in the amount of \$13,675,894 are held by the state. Approximately two millions of these bonds belong to the soldiers' relief fund, the interest of which is disbursed to soldiers in need of aid, or their dependents.

The remainder of the bonds belong to the permanent school fund. The income from them is over \$500,000 annually. The state owns school lands valued at \$20,000,000 which yield an annual rental of \$500,000. The million dollar fund derived from these two sources is divided to the public schools of the state.

Since 1875 the state has not only wiped out all bonded debt but has accumulated bonds, lands, institutions and property worth over \$70,000,000.

"It should be a source of pride and satisfaction to every Nebraska citizen," remarks Treasurer Stebbins "to know our state is in such fine condition and so outstanding financially among the states of the Union."

Time for the Truth About Washing Machines

TOO many half-truths and untruths about washing machines have been advertised in recent years.

For instance, the much advertised claim that clothes can be kept thoroughly clean week after week without soaking and boiling them, and by running them through only one suds.

The truth is that no washing machine ever made can keep clothes permanently free from "that all-over grayish tinge" and that "harsh feel" except by (1) the use of "two successive suds," or (2) by soaking and boiling the clothes, or (3) by the use of caustics or bleaches.

Of these three methods, only one is really satisfactory—namely, the "two successive suds" method which is advocated by Good Housekeeping Institute. This superior washing method may not be entirely convenient with the washer you are using, but fortunately there is a NEW washing machine with which this one best washing method IS convenient. It is one of the super-fine
