### LOCAL NEWS.

Col. Owen Meredith spoke over radio station WHAS, Louisville, Kentucky, Tuesday afternoon at 12:45, but O'Neill people were unable to tune in the station because of the interference of other stations that come in on almost the same wave length.

Lois Evelyn, the second daughter of Mr. and Mrs. Frank Riser, of Friend, Neb., was taken to the Saint Elizabeth hospital at Lincoln last Friday where she underwent an operation for mastoid trouble. This is her second mastoid operation in the same ear, the first being six years ago.

The daily press is responsible for the announcement that Parnell Golden, of Casper, Wyoming, has leased the Meridian hotel in Columbus, Nebraska, and will take possession the first of the month. J. O. Hubbell and Mrs. Hubbell, formerly of this city are the present owners of the hotel.

C. P. Hancock, the census enumerator for the O'Neill district, informs the Frontier that he will begin taking the Manufacturing and Distribution census early in February. The local enumerators are being chosen in the various localities and work of taking the regular census will begin on time.

Through the provisions of a legislative enactment of 1927 thirty-seven Nebraska counties that previously voted to dispense with the office of county assessor, are to have that office reopened, Secretary of State Marsh revealed last Friday. In each of the counties concerned, he said, the duties of the assessor have been assumed by the respective county clerks.

Burlesque ladies, reminiscent of the Hudson Beef Trust, in their spangles and gawdy tights, of a generation ago, are shown in Universal's super production, "Show Boat," starring Laura La Plante and Joseph Schildkraut, which is now at the Lyric Theatre, Atkinson. Harry Polard directed this screen version of Edna Ferber's best selling novel. Don't miss it.

George M. Harrington was in Omaha Tuesday evening attending the "All Nebraska" banquet of the Izaak Walton League of Omaha. Mr. Harrington states that it was the largest banquet that he has ever had the privilege to attend; he states that there were about nine hundred covers laid; he invited the gathering to come to O'Neill next fall and attend the state convention of the league. Ira Moss was also present at the banquet from O'Neill.

Garfield Lodge No. 95, A. F. & A. M., observed its annual "Past Master's Night" at a meeting Thursday evening, at which time a Master Mason Degree was conferred, all workers being Past Masters of this lodge. Ira C. Freet, of York, Grand Master of Masons of Nebraska, was present and delivered the principal address of the evening. A banquet was served at the Western Hotel. Delegations were present from Orchard, Ewing, Page, Inman, Chambers and Atkinson.

Those from away who were here to attend the funeral services for Jasper H. Ritts which were held from the Methodist church in this city last Saturday were Mrs. Rose Aten and son Lyman Nightser, Long Pine, sister and nephew of the deceased; Rob, Tim and Paul Ritts, Washta, Iowa, and Clifford Ritts, Fonda, Iowa, brothers; Mr. and Mrs. Rob Hammond and daughter Miss Lila, Bloomfield, Nebraska, brother-in-law; Mrs. Ed Wilson, Creighton, sister-in-law.

There has been considerable controversy in and around O'Neill this week in regard to the delivery of milk from homes that are under quarantine. As the milk has been handled by persons outside the family and by persons not under quarantine, they have been allowed to continue to deliver their milk. In a telephone communication today with Dr. P. H. Bartholomew, head of the State Board of Health at Lincoln, Sheriff Duffy explained the situation; Dr. Bartholomew stated that these people could continue to deliver milk as long as they continued to take the necessary precautions which they are now observing.

Mrs. C. V. Ulrich returned Monday evening from a two week's visit in Minneapolis. She will leave in a few days for her home in California.

### WILL DISCUSS OIL LEASES OF GHOST LIGHT DISTRICT

There will be a meeting Monday evening February 3rd at eight o'clock in the K. C. Hall, to which the public is invited. Some disposition will be made of the leases that were taken in the O'Neill area of the proposed oil district northwest of town. Land owners and persons that made contributions in the furtherance of oil and gas possibilities are requested to be present. There is no solicitation of money or funds. General discussion on oil and gas possibilities and general geological conditions will be presented.

Harry T. Osborne and others will be present.

### SEVERAL PUBLIC SALES WILL BE HELD SOON

During the past few days The Frontier has printed public sale bills for a number of farmers who are selling their stock and machinery; some of them are leaving the county.

O. Ellsworth expects to move away and is selling everything. See his announcement in another column.

Wm. Mather is ill and unable to care for his stock; he is selling practically all of his stock and implements. See his ad in another column.

W. C. Joselyn has decided to quit farming and is selling all of his stock and equipment. His announcement will appear next week.

Leo J. Murphy expects to move away and is selling his stock and machinery. See his announcement on another page.

V. C. Johnson is selling all of his stock and machinery.

Following are the sale dates:  
Wm. Mather—February 3rd.  
Leo J. Murphy—February 4th.  
O. Ellsworth—February 5th.  
V. C. Johnson—February 6th.  
W. C. Joslyn—February 11th.

### THE FIRE DEPARTMENT ANSWERS TWO CALLS

The fire department were called to the apartments of T. T. Waid in the rear of the W. P. Curtis tire shop at 3:30 a. m., Tuesday morning to extinguish a small fire that was burning between the floors in his kitchen; the fire was caused from hot ashes that Mr. Waid had taken from his stove and left sitting on the floor enclosed in a pasteboard box; the fire did but little damage other than charring a hole in the floor near the chimney. Mr. Waid says that he has been taking ashes from his stove in the same manner for years and this is the first time that he has had trouble.

Shortly after seven o'clock this morning the department was called to the residence owned by C. P. Uhl, on highway No. 20, just east of the C. N. King residence, where the south part of the residence was on fire; there was no one living in the house

although a man by the name of Zink had moved some household goods into the house yesterday; the stoves were not set up; the blaze seemed to be located in the southwest corner of the south room; the damage will amount to about \$400, which is covered by insurance.

### C. E. HAVENS FILES FOR STATE REPRESENTATIVE

C. E. Havens is the first candidate to file for office in Holt County for the coming primary which will be held August 12th. Mr. Havens filed on the Republican ticket for re-election to the office of state representative of the sixty-fourth district.

### LUDDINGTON—KEMPER

Forrest M. Ludington, of Cushing, Nebraska, and Miss Lucille E. Kemper, of Page, Nebraska, were united in marriage by Rev. Samuel McKeown last Sunday.

### FRIDAY IS THE LAST DAY FOR OLD LICENSE PLATES

Beginning February 1st, anyone driving their auto without the 1930 license plates will be subject to arrest and fine according to the state law. One month is allowed for procuring the new plates. Only a comparatively few auto owners in Holt county have purchased the 1930 license.

### TREASURER'S STATEMENT O'NEILL PUBLIC SCHOOL

Several taxpayers have asked the Frontier to publish a financial statement of the O'Neill Public School District No. 7. Through the courtesy of the school board and the treasurer, C. P. Hancock, we submit the following statements:

January 30, 1930	
Bal. on hand July 1, 1929	\$ 1,300.82
Rec'd from Co. Treas., levy	11,542.00
Tuition	4,257.00
Normal Training	500.00
Tobacco License	228.00
Miscellaneous	79.14
	\$17,906.96

District orders paid	11,949.45
Bal. on hand Jan. 30, 1930	5,957.51
	\$17,906.96

Orders called for payment for which there is funds to pay	5,802.58
Orders registered and unpaid	1,132.88

For the benefit of the taxpayers of the school district we submit the annual statements for the past two years.

Fiscal Year Ending July 1, 1929	
Bal. on hand July 1, 1928	\$ 76.92
Rec'd from Co. Treas., levy	17,200.00
Tuition	7,233.00
State App.	1,203.35
Normal Training	500.00
License	260.00
Miscellaneous	18.07
	\$26,491.34

Warrants registered and unpaid	\$5,339.02
Orders paid	25,190.52
Bal. on hand July 1, 1929	1,300.82
	\$28,693.28

For Fiscal Year Ending July 1, 1928	
Bal. July 1, 1927	\$ 243.41
Rec'd from Co. Treas., levy	17,800.00
Free High School Tuition	8,421.00
State Apportionment	1,174.17
Normal Training	500.00
Tobacco License	247.00
Miscellaneous receipts	307.70
	28,693.28

Orders paid	28,616.36
Bal. on hand July 1, 1928	76.92
	\$28,693.28

# "Penetrative Lubricity" MEANS

1. Freedom from Friction.
2. A "Carry-Over" Film by Metal Penetration.

TO lubricate, an oil must decrease friction between metal surfaces. A motor oil does this by separating the metal surfaces, and theoretically keeping them separated under all operating conditions. It may amaze you to know that many oils frequently fail to do this.

Think how this "separation" of moving parts is accomplished. The oil forms a wall or "film" between opposing surfaces . . . and it is upon this film that the reputation of every oil must rest. The film is thin, of course, for it must ride in the tight crevices of bearings, cylinder-walls, etc. . . . But it must also be of extraordinary strength . . . it must cling tenaciously . . . or the pressure of your motor will squeeze and hurl it from the vital points that must be kept separated.

**Penetrative Lubricity . . . The New Gauge of Motor Oil Merit**

Penetrative lubricity is the outstanding characteristic of the new Conoco Germ-Processed Motor Oils. This characteristic is the direct result of Germ-Processing.

You must know this story of Germ-Process. Briefly, it is the patented result of 16 years' experimentation by the British scientists, Wells and Southcombe. Back in 1901, when everything of fundamental importance was known about the refining of mineral oils . . . these two scientists foresaw that additional improvements must be made, in order to keep lubricants abreast of the future development of the "gasoline buggy."

They knew that animal and vegetable oils were "oilier" than mineral oils could ever be, but were impractical for use in internal combustion motors which operated at high temperatures.

Finally the Germ-Essence, containing the "oily" property lacking in mineral oils, was isolated. And a method was devised for combining this essence with highly refined mineral oils.

**Only Conoco Oils Are Germ-Processed . . . This Gives Them Penetrative Lubricity**

Continental Oil Company now owns the exclusive right to Germ-Processing for North America. Only with these new oils can you secure a fracture-proof film which actually penetrates the metal surfaces of your motor! What does this mean? . . . It means that the all-important film no longer may be hurled and squeezed from moving parts. The Germ-Essence carries the oil into every minute crevice . . . into the very metal itself. And there it clings—clings when the heat of high speeds seeks to scorch and drive it away . . . clings when bearings try to squeeze it out . . . clings, too, when you stop your motor. And this is most important . . . for the oils you are now using drain away as the motor stops, and require 5 to 15 minutes to resume their guard duty when you next tread on the starter. That's why 40% to 60% of your motor wear occurs in those first minutes of operation.

Save your motor by the use of this new oil. Introduce it to Conoco Germ-Processed oils today at the sign of the Red Triangle.
