The farmers of Holt county are beginning to consider diversified farming. Poultry raising has contributed materially as well as dairying. The salvation of the community depends upon the resources. The more resources a community has, the more thrifty that locality becomes; with that thought in mind, let's all boost for an increase in diversified farming.

SPONTANEOUS COMBUSTION STARTS FIRE IN STORE

A serious fire in the Abdouch store was narrowly averted last Friday when what is thought to have been spontaneous combustion started a fire in one of the street flags that was rolled up and leaning against the wall.

Miss Bea Abdouch discovered the blaze and carried the flag to the street; in removing the flag, several other articles became ignited and came near getting a nice start.

The fire is thought to have started from spontaneous combustion caused by rolling up the flag while it was damp, as the paint in the flag would heat rapidly.

The fire department was not called.

THE GOODENBURGER FAMILY ARRIVE SAFELY IN YUNNAN

We received a letter from Mrs. Longstaff this morning telling of safe arrival of Mr. and Mrs. Goodenburger and children at their home in Yunnan, China. The Goodenburgers are missionaries to Yunnan Province. She said in part: "They arrived at Kinlungkiang on November 22nd. Had lots of rain on the way which made the roads very bad to travel. As soon as they crossed the river, some of their members were waiting to welcome them home. All the rest of the way they kept meeting others, with gifts of all sorts, chickens, eggs, bananas, vegetables and other things. Then they had a regular Thanksgiving service at the church. All the missionaries' houses had been vacant for months, but not one thing had been taken. The leper village also put on a Thanksgiving service, so they were well received."

Ed Jones has begun tagging cars that do not have the 1930 license plates in proper place. Ed says that he has a bunch of stickers that fit nicely in the corner of the windshield and that he is looking for cars to stick them on; if he puts a sticker on a car it means that the drivers of the car must get a set of 1930 plates or keep it in the shed.
