Never Before Such a Light-Running Separator!

Now, with its new ball-bearing upper-neck bearing, the Gold Medal has been made still easier to turn-it's the lightestruaning ocream separator on the market. Because this ball bearing is self-aligning and self-adjusting-an exclusive Gold M. dal feature—the bowl is always perfectly balanced. Bearing is entirely enclosed and protected from dirt and moisture, insuring long life, and minimum friction.

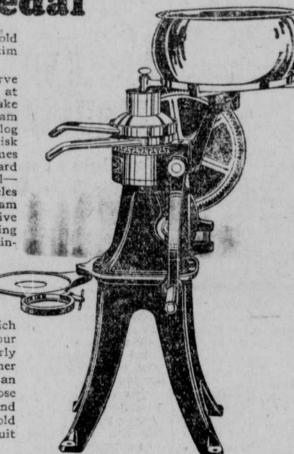

You will be sure to like this new feature of the

Gold Medal

And remember-Gold Medal Curved Disks skim

That's because the curve provides a wide space at center of the bowl to take care of thick, sluggish cream that has a tendency to clog in the ordinary straight-disk bow!. This space becomes extremely narrow toward the outside of the bowlseparates the last particles of butterfat. Two cream outlets-another exclusive feature-aid in handling thick cream and maintaining uniform test.

Come in and try this easy-turning machine. See the new bowl design, the new type oil indicator which shows at a glance if your machine is being properly oiled and the many other features that make this an ideal combination of close skimming, light-running and longer-life. There's a Gold Medal in the size to suit your needs.
