

THE FRONTIER.

VOLUME L.

O'NEILL, NEBRASKA, THURSDAY, FEBRUARY 27, 1930.

No. 40

BISHOP RUMMEL WILL LAUNCH DRIVE NEXT WEEK

With advance pledges totaling over \$308,975 already subscribed to the Bishop's Confraternity of the Laity, organized to assist Bishop Joseph F. Rummel of the Catholic diocese of Omaha in his diocesan program of charity, religion and education, the general enrollment of members in the Confraternity will get under way Sunday, March 2, after meetings of captains and team workers Sunday afternoon in all of the 140 parishes of the diocese, which includes 23 northeast Nebraska counties.

Bishop Rummel will launch the general appeal to sixty thousand adult Catholics of the diocese to join the Bishop's Confraternity during the week of March 2 to 10, in a radio address over station WOW at 10:15 p. m., Sunday. The program, which has been designated the Omaha Diocesan hour, will include Bishop Rummel's resume of diocesan needs and a program of special vocal and instrumental music numbers by local artists. Rev. E. J. Flanagan, chairman of the radio committee, has arranged the program.

The district clerical and lay directors for O'Neill are Rev. John Pieper, Atkinson; Dr. W. J. Douglas of Atkinson and J. J. Harrington of O'Neill.

JOHN CARR RESIDENCE DAMAGED BY FIRE

The fire department were called to the residence of John Carr on the corner of Douglas and First streets, this forenoon. The fire was confined to the attic and roof over the main part of the house.

The fire is thought to have been caused by the burning out of the chimney. The damage will amount to about \$100.00 which was covered by insurance.

MARTIN WALRATH

Martin Walrath died at his home in Atkinson, Nebraska, at about four o'clock Wednesday morning, at the age of fifty-two years, one month and ten days. He was united in marriage to Miss Coila Uttley of O'Neill

on May 20, 1900; to this union seven children were born, six daughters and one son.

Funeral services will be held from the home Friday morning at ten o'clock, conducted by Rev. Hiser, Presbyterian minister of Atkinson. The deceased was a son-in-law of H. M. Uttley of this city.

LOCAL NEWS.

Mr. and Mrs. C. A. Hiserote and daughter and Mable Hatch, all of South Sioux City, Nebraska, came last Friday for a visit at the home of Mrs. Hiserote's parents Mr. and Mrs. M. F. Eveland.

Mr. and Mrs. W. Warner; Mr. and Mrs. John Osenbaugh; Mr. and Mrs. Dean Streeter; Mr. and Mrs. Harry Hafner; Mr. and Mrs. Pete Herford were guests Sunday night at the home of Mr. and Mrs. Willis Bowen, at Orchard.

The Nu Fu Club were entertained by Mrs. C. J. Kimbrough at the home of Mrs. Floyd Pilger last Friday afternoon. Mrs. G. A. Mitchell won the high score prize and Mrs. Ernest Young won second prize at Bridge. The husbands were invited in for the evening.

John Fiala, who resides about nine miles southeast of O'Neill, sued the State Farmers Insurance Company in county court Tuesday for the loss of a cow the plaintiff claimed was killed by lightning. After the examination of many witnesses the court found for the plaintiff.

Joe Nekolite residing in the southeastern part of the county, brought suit in county court Tuesday against Frank Eppenbach, a merchant of Ewing, for the amount due on some corn; Mr. Eppenbach filed a counter claim against Mr. Nekolite to offset the claim against him. The judge has taken the case under advisement.

L. K. Hough, accompanied by his father, Clark Hough and Percy Grass drove over to Early, Iowa, last Sunday. Clark Hough stopped at Corroctionville, Iowa, for a visit with his son Charles. They all returned home Monday, accompanied by Mrs. Cora Hamilton and Mrs. L. K. Hough who have been visiting relatives there for a week.

Bess Gearhart Morrison, who is scheduled to read "The Fool" at the Presbyterian church next Sunday evening, is expected to arrive in O'Neill Friday morning. She will remain at the Golden hotel until after her appearance at the church.

H. G. Berg, district representative and W. R. McNary, territory representative for the Dodge Brothers car were in O'Neill Wednesday looking up some sale prospects. The editor enjoyed driving one of the new model sixes; driving one of these new models is certainly a treat; they have an all-steel body electrically welded which makes them safer in case of an accident than the old touring model that was the property of the editor for several years.

Mr. and Mrs. Art Cowperthwaite expect to leave their winter quarters at Tampa, Florida, and start for home about the first of the month. Art sends "77" Waid a clipping telling about the capture of a six foot sea-going rattler by amateur fishermen eight miles off shore in the Gulf of Mexico. Rattlers have been known to swim across small bays but this is the first one ever found that far out to sea; for that reason it will be put on display in St. Petersburg. The rattler was headed for Havana, Cuba. We don't know whether or not Art was with the party who captured the reptile but "77" is willing to wager a small amount that Art had something to do with landing the snake.

Ralph Mills, son of Mr. and Mrs. R. H. Mills of this city, has been working on a ranch for a man by the name of Oakes, down in Custer county. While Ralph and Mr. Oakes were husking corn last Friday, Mr. Oakes was stricken with heart failure and expired suddenly. It seems that Ralph was some distance ahead of Mr. Oakes, and when he came to the end of the row, he took his load to the house which was about a mile away. Ralph looked after the chores and when Mr. Oakes did not come home, he in company with another man, went to the corn field where they found him lying upon the ground dead. The body was taken to the nearest house; the coroner pronounced heart trouble as the cause of his death. The remains were taken to Ansley for burial.

"Hello, World"

We know the people of our community have been listening in on K W K H, and enjoying the wonderful programs, especially the fine talks in behalf of the Home Merchant.

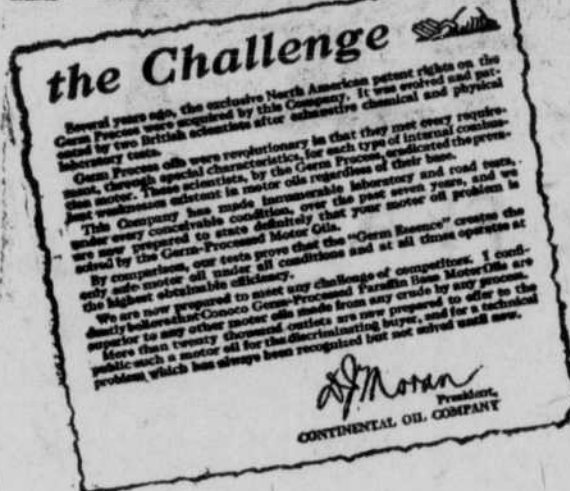

Saturday Afternoon We'll Serve "Hello World" Coffee

And "Doggon Your Buttons," come in and enjoy the same and take advantage of the Specials for that day.

Yours with Service,

R. R. MORRISON

An Army of American Motorists has Changed to

CONOCO

Germ-Processed Motor Oil

Have you noticed that Conoco stations have been busier in the past few months? The reason is, of course, that amazing new oil, Conoco Germ-Processed.

Introduced only last November, this revolutionary motor lubricant has startled even its makers by its instant public acceptance.

There's a moral for you in this wholesale change of oil-buying habits by the motoring public. Everyone realizes now that something happened in the motor oil business when this new oil was announced. When you start using this oil you'll realize it too.

By providing more economical car operation, by guaranteeing a radical reduction in motor wear, and particularly, by penetrating metal surfaces and providing constant lubrication under every conceivable operating condition... Conoco Germ-Processed oil sets up a new gauge of motor oil merit.

We firmly believe that you will buy no other oil except Conoco Germ-Processed oil after using it for a fair period of time. Won't you make that trial to-day, at any station bearing the Red Triangle?

The Seven Claims in Conoco's Challenge that Brought this Amazing Public Acceptance of Conoco's Germ-Processed Motor Oil

- 1 Combines with metal surfaces and never leaves bearings and other working parts.
- 2 Refined from carefully selected paraffin base crudes by patented processes. That means stability.
- 3 Positively increases gasoline mileage by reducing friction. That means economy.
- 4 Will not break down under cylinder wall heat. That means less oil consumption.
- 5 Substantially reduces motor wear in starting because this oil penetrates metal surfaces and stays there. Other oils require 15 to 20 minutes to lubricate all moving parts.
- 6 Crankcase dilution does not seriously impair its "oiliness" value. That means greater motor protection.
- 7 Will lubricate efficiently at sub-zero temperatures. That means thoroughly de-waxed oil.
