

Oklahoma Girl Strong as Boy

"Louise Alice was fretful, nervous and all run-down from whooping cough," says Mrs. F. J. Kolar, 1730 West 22nd St., Oklahoma City, Okla. "The little I could force her to eat wouldn't ever digest. She became underweight, sallow and weak. Then I decided to try California Fig Syrup, and the results surprised me. Her bowels started working immediately, and in little or no time she was eating so she got to be a pest at the table, always asking us to pass things. Her weight increased, her color improved and she began to romp and play again like other children. Now she's the picture of health, and strong as a boy."

Pleasant-tasting, purely vegetable California Fig Syrup acts surely and quickly to cleanse your child's stomach and bowels of the souring waste that is keeping her half-sick, bilious, sallow, feverish, listless, weak and puny. But it's more than a laxative. It tones and strengthens the stomach and bowels so these organs continue to act normally, of their own accord.

Over four million bottles used a year shows its popularity. Ask for it by the full name, "California Fig Syrup," so you'll get the genuine endorsed by physicians for 50 years.

At the extreme left is pictured the latest creation in evening gowns, of peacock blue satin, trimmed with crystal. The skirt, with the bottom part long, circular and flowing, has a tightly fitting hip line. (Center) A smart dress of heavy black crepe. The gown is made with a high waistline and medium long skirt with the uneven hem-line. Black felt hat, suede bag and black patent leather pumps with straps are used to give this gown the finishing touches. (Right) This comely dress is extensively patronized by film stars in Hollywood.

Showing Censorship Folly.
Senator Smoot's attack on the Cutting amendment which would deprive customs officials of their job of delimiting literature has been brought home to the senator rather pointedly in a bulletin issued by the People's Legislative Service. The bulletin quotes liberally from the "Discourses" of Brigham Young, former prophet and president of the Mormon church. The "Discourses" were printed in England in 1868 and reshipped to this country. Many passages are so objectionable as to be unprintable in newspapers. If there had been a customs censorship in 1868 the "Discourses" would have been barred from the country. Yet Senator Smoot, himself a high official in the Mormon church, probably considers Brigham Young's "Discourses" as a praiseworthy exposition of the viewpoint of Mormon religion.

It is quite likely that Brigham Young and his contemporaries did not regard the "Discourses" as obscene, as rugged pioneer people were given to the use of unvarnished language. The Old Testament contains passages which, taken by themselves, are obscene from the modern viewpoint. If customs officials applied to the Bible the rigid censorship applied to profane literature no foreign editions of the former could be imported.

Directing the attention of Senator Smoot to the obscene character of passages in the "Discourses" may serve to remind him that scholars, libraries and private collectors frequently wish to obtain imported books which, written by persons whose moral standards were not identical with modern usage, contain passages offensive to popular taste but which are not, in any genuine sense, immoral. Customs officials have interpreted the law so narrowly that they have inconvenienced many intelligent citizens who wish to read, collect or study ancient and modern classics. A student of religious movements who might desire to examine the English edition of Brigham Young's "Discourses" would be balked by customs officials.

Hence the hint that has been given Senator Smoot by the People's Legislative Service is not impertinent or conceived with the idea of merely embarrassing him. It is a forceful lesson in tolerance.

Children CRY for it

It may be the little stomach; it may be the bowels are sluggish. No matter what coats a child's tongue, its a safe and sensible precaution to give a few drops of Castoria. This gentle regulation of the little system soon sets things to rights. A pure vegetable preparation that can't harm a wee infant, but brings quick comfort—even when it is colic, diarrhea, or similar disturbance. And don't forsake Castoria as the child grows older. If you want to raise boys and girls with strong systems that will ward off constipation, stick to good old Castoria; and give nothing stronger when there's any irregularity except on the advice of a doctor. Castoria is sold in every drugstore, and the genuine always bears Chas. H. Fletcher's signature on the wrapper.

Any COLD

That cold may lead to something serious, if neglected. The time to do something for it is now. Don't wait until it develops into bronchitis. Take two or three tablets of Bayer Aspirin as soon as you feel a cold coming on. Or as soon as possible after it starts. Bayer Aspirin will head off or relieve the aching and feverish feeling—will stop the headache. And if your throat is affected, dissolve two or three tablets in a quarter-glassful of warm water, and gargle. This quickly soothes a sore throat and reduces inflammation and infection. Read proven directions for neuralgia, for rheumatism and other aches and pains. Genuine Bayer Aspirin is harmless to the heart.

"JUST one thing has contributed more than anything else in my life toward making me the radiant happy woman I am today," writes Mrs. Walter Ruel, of Glenbrook, Conn. "I guess a good many others feel the same way, judging by the number of people I know who swear by this 'Fountain of Youth.'"
