### EDUCATIONAL NOTES

Word has come to this office that St. Joseph's Hall at Atkinson will be approved by the State Department. At the request of Father Pieper and Sister Oliva, heads of the school, a rigid inspection of the school was made by G. W. Rosenlof, a representative of the state department, with a view toward accreditation for the coming year. Plans are being made for the necessary improvements. During the coming school year it will undoubtedly be given full accreditation.

The following teachers have been reported as being hired during the past week:

- Mae Cronk, Dist. No. 2.
- Mildred Clark, Dist. No. 2.
- Mary Hervey, Dist. No. 2.
- Anastasia Carney, Dist. No. 15.
- Mrs. Ted Schiessler, Dist. No. 15.

# CONOCO

## Celebrates its Conquest in America's Greatest Motor Classic!

**GERM-PROCESSED** is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! . . . Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

More than one hundred and seventy thousand cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! . . . saw CONOCO'S claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt . . . saw the supreme test applied to America's newest oil . . . saw Germ-Processed oil "place" among the leaders of the Indianapolis Race . . . saw CONOCO victorious

in the domestic oil market of the Nation!

It was only good strategy for CONOCO to again bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already widespread conviction, that Germ-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars.

For the Germ-Processed oil used in this race was the same stock oil that you can buy at any service

The Car and Driver Board of the AAA took all the necessary steps to make sure that the oil used was the regular Conoco Germ-Processed Motor Oil.

station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? Remember, Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

"If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for . . ."

# PROOF of the PUDDING

"A DISTINCTLY FINER GASOLINE"

New Red Crown Ethyl looks like any other red gasoline. But there the likeness ends. Nebraskans and visiting motorists find many points of superiority in this distinctly finer gasoline.

Instant power for quick starts and a smart getaway—less gear shifting in slow traffic—mastery of hills on high gear—unrivalled power—no gas knocks—low gas cost per mile

The proof of superior gasoline is better motor performance—on all points, in every type of motor.

Fill up the tank of your truck, tractor and passenger car with new Red Crown Ethyl. You'll notice better motor performance in the first five minutes. At the end of a week you'll find this distinctly finer gasoline gives low gas cost per mile.

ject. The discussion was interesting and the majority of those present seemed in favor of establishing a high school. It was moved and carried that the District Board of each district should call a special meeting of its voters to vote whether they should enter this organization or not. These meetings will be held in each district on Thursday evening, July 10th at 8:15 p. m. All voters in each district involved and other interested parties are urged to attend these meetings in their respective districts. It was moved to call a second general meeting directly after these district meetings to make a final decision. This meeting will be held on July 14th at 8:15 p. m., at Paddock Union church.
