A "CITY CONVENIENCE" FOR COUNTRY HOMES

Let your Matchbox be your iceman

CIMPLY striking a match now brings you the econamy and convenience of modern iceless refrigeration with Superfex, the new refrigerator that generates its own frigid cold from oil heat. Burning a few cents worth of keroscne daily provides 24 to 36 hours' dependable food-preserving refrigeration . freezes ice cubes and desserts . , keeps food fresh and tasty for days in warmest weather! Cheaper and better than ice.

Superfex is a wonderful convenience in the country home, saving thousands of steps to refrigeration makeshifts. Just light it and leave it-the burners are self-extinguishing after generation is completed. No moving parts. Enduring steel construction, porcelaim fined.
