### SEVERAL PRE-NUPTIAL SHOWERS GIVEN FOR MISS MILDRED TOMLINSON

Miss Mildred Tomlinson has been the guest of honor at a number of pre-nuptial showers given for her during the past week in honor of her approaching marriage to Mr. James Coventry of Inman, which is scheduled to take place Thursday afternoon. The H. O. A Sunday School class of the Presbyterian church gave a miscellaneous shower for her at her home in the northeastern part of the city, Friday evening.

The attendees of the court house gave a party in her honor Thursday evening at the home of Mrs. John Davidson, on east Douglas street. She was presented with an electric toaster and a percolator.

Monday evening the Eman Elddim Club entertained for her at the home of Mr. and Mrs. M. J. Enright. Miss Mildred received many useful presents.

north of O'Neill about five o'clock Saturday afternoon when Cecil Sharp, son of Lee Sharp of Spencer, came in contact with the high voltage wires of the hydro electric plant located twenty-seven miles north of O'Neill on the Niobrara river.

Mr. Sharp was enroute toward Spencer when he discovered Lew Gaskill of Burke, South Dakota, endeavoring to get his car from the stump of an electric light pole which he had broken off when his car left the road and collided with it a few minutes before. The collision had caused the hi-line to fall over into the roadway; as Mr. Sharp started toward Mr. Gaskill he took hold of the wires, not thinking that they were highly charged; his hands, feet and face were badly burned; the nails were melted from the soles of his shoes; he is in a serious condition in the Spencer hospital where he was taken following the accident.

### ALLEN—HEMENWAY

Arthur Allen of Orchard, Nebraska and Miss Leona M. Hemenway of Ewing, Nebraska, were married by Rev. Anthony Alberts, in Ewing, on June 30th.

### CECIL SHARP, SPENCER, INJURED BY HI-LINE

### COVENTRY—TOMLINSON

James R. Coventry and Miss Mildred Tomlinson were united in marriage at 1:30 o'clock this afternoon by Rev. H. D. Johnson, pastor of the Presbyterian church, at the manse. They were attended by Mr. and Mrs. James McMahn, of Inman; Mrs. McMahn is a sister of the bridegroom. The bride is the daughter of Mr. and Mrs. H. W. Tomlinson of this city; she has been employed as clerk in the office of County Judge Malone for some time; she has also held positions as stenographer in several offices in O'Neill since she completed her schooling.

Mr. Coventry is the son of Mr. and Mrs. George Coventry of Inman and is a hustling young farmer who has a nice start in life.

The happy couple left at once for Omaha where they will enjoy a short honeymoon before returning to Inman where they will reside.

## A "Roll of Honor Bank"

### REPORT OF THE CONDITION OF The O'Neill National Bank

AS MADE TO THE COMPTROLLER OF THE CURRENCY JUNE 30, 1930.

RESOURCES		LIABILITIES	
LOANS AND DISCOUNTS	\$194,547.70	CAPITAL STOCK	\$ 50,000.00
This consists of notes given by our customers, mostly farmers—a very large percent of which is secured by chattel mortgage or other collateral.		This represents the cash paid in on the original investment by the stock holders.	
OVERDRAFTS	109.88	SURPLUS AND UNDIVIDED PROFITS	82,858.82
This represents money due us from depositors who have checked out more than they have on deposit. This item, while small, reflects no credit on us as it is illegal for bank officials to permit ANYONE to overdraw their account, but such items inadvertently creep in occasionally.		This is a part of the earnings of the bank that have been set aside from time to time to cover possible losses and for the further protection of our depositors. This fund is 43 per cent of all our loans and discounts and 166 per cent of our capital.	
UNITED STATES BONDS	112,250.00	CIRCULATION	50,000.00
These are gold obligations of the U. S. Valued by National Bank Examiner on June 12, 1930 (last examination) at \$2,660.69 more than we are carrying them on our book.		This represents the "currency" or "national bank notes" we have in circulation for which we have deposited with the Treasurer of the United States \$50,000.00 U. S. Gold bonds to guarantee the redemption of these notes.	
OTHER BONDS and SECURITIES	84,877.15	DEPOSITS	489,769.77
This consists of municipal and industrial bonds; county, township and school warrants. Valued by National Bank Examiner on June 12, 1930, at \$979.93 less than we are carrying them on our books.		Represents money deposited in this bank by firms or individuals, a part of which is subject to check on demand and a part on time certificates of deposit running six or twelve months, on which we pay 4 per cent interest.	
BANKING HOUSE and FIXTURES	5,068.00	CASH AND SIGHT EXCHANGE	269,775.86
Consisting of bank building, vaults, safes and fixtures of all kinds worth about double the above amount.		This consists of cash in vault, and due from other banks; note that this is over 55% of our total deposits.	
OTHER REAL ESTATE OWNED	6,000.00	TOTAL	\$672,628.59
This consists of a clear 320 acre improved farm in Holt county and a dwelling house in Neligh, Nebr.		TOTAL	\$672,628.59
REDISCOUNTS OR BILLS PAYABLE	NONE		

Since we adopted the system of analyzing the various items that make up the bank statement to make it more comprehensive to the general public we have had many favorable comments, not only from our patrons but also from the public press, judges of courts, lawyers and others that have extensive dealings with banks.

Good banking practice requires that doubtful paper be charged off as soon as it may develop from time to time. Our large undivided profit account makes this possible and it is the practice of this bank. Our last examination on June 12, 1930, Mr. C. W. Lyon, National Bank Examiner, reported no "doubtful" paper and but four "slow" notes, aggregating \$2,733.00 out of a total of 463 notes. (The reported four "slow" notes, all are secured by real estate mortgages save one.)

Our cash on hand is \$244,907.00 more than the law requires, which, coupled with our U. S. bonds and other bonds (which can be converted into cash on the market any day) make what may be properly termed as total Cash Reserve of \$416,902.00, or more than 85 per cent of our total deposits.

With this condition of liquidity we could of course, if necessary, pay off every depositor within a week's time without calling a single local loan.

We are always in the market for desirable well secured loans.

### AUTO REPLACES HORSES ON ANNCAR MAIL ROUTE

For many years the Anncar mail route has been drawn by a team of horses. Only a very few trips were made with a car prior to July first when Henry Vequist became the carrier. On December first the route was changed from a tri-weekly to a daily route. When Mr. Vequist took the route on July first he installed a car which he intends to use until the roads become impassible for a car.

The four Star mail routes out of O'Neill changed carriers on July 1st. Bartley Malloy relieved Glen Tomlinson and former carrier on the star route to Star postoffice; John W. Abbott relieved John G.
