NEBRASKA'S

BIG RODEO and FAIR

August 12, 13, 14, 15, 1930

Each successive year the Garfield County Frontier Fair Association has endeavored to put on a bigger and better show. The 1930 show is going to be no exception. In past years the Trick Riding and Roping have been contracted exhibitions—this year all Trick Riding and Roping will be strictly competition with the exception of one or two special features. Everything possible has been done to make you comfortable and allow you to see the show. Everything advertised will be there and other features will be added before the show starts.

A FEW OF THE SPECIAL FEATURES

- 6 HORSE TEAM of the Union Stock Yards, Omaha, in an exhibition each day on the track.
- MALLEE HARDING, juvenile trick & fancy rider.
- BUCK LUCAS, who jumps over an automobile each day, Roman Standing.
- RED RANDOLPH, clown, with his trick mule, Miss Miami.
- SOUTHEAST NEBRASKA CONCERT BAND, to furnish music during the entire show.
- BOB CALEN, trick roper and singer.
- FOX HASTINGS, lady bull-dogger in a bull-dogging exhibition each day.
- MORRIS BROS, clowns with two trick mules.
- LACHMAN—CARSON CARNIVAL CO., with a train load of rides, shows, etc.
- SIoux INDIANS, in an Indian village, on grounds and each afternoon in native song and costume.

PRICES: General admission to gate, 50c; children 5 to 12, 25c; autos to grounds, 50c; free parking space next to ground furnished; main grandstand 2200 seats not reserved, 50c; side grandstands 6200 seats

J. J. Kelly and R. E. Calvert have the contract for placing the two large new boilers in the St. Mary's Academy. Each boiler weighs twelve and one-half tons and are being placed this week.

Miss Merle Ohmart and Miss Mabel Knapp have just closed a very successful term of Bible School at Mills, Nebraska. They report an enrollment of 30 pupils and a regular attendance of 22.

THE FRONTIER WILL AGAIN RECEIVE ELECTION RETURNS

The Frontier will again keep open house on the night of the Primary Election. We urge the election board to phone the result of the election in their precinct to the Frontier office where the figures will be compiled. The Frontier will be glad to reciprocate by giving the vote over the county as we have it.

TWO SMOOTH GRAFTERS GATHER IN A VICTIM

One of the latest and most up-to-date methods of obtaining money was perpetrated upon an O'Neill man last Thursday evening. Two well dressed fellows, driving a coupe rushed into town about nine o'clock that evening and approached Charles Reka at the Chevrolet garage and told him that they had been driving through with a couple of cars and that the other car had collided with a car driven by some Jews who were holding their car for \$250 damages; that their other car was loaded with Canadian liquor and that unless they raised the required amount the Jews were going to turn them over to the law; they had \$210.00 but that would not satisfy the Jews, who demanded the full amount; Mr. Reka did not furnish the money but agreed to fix up their car if they would bring it in; they proceeded to locate Norbert Uhl and instructed him in regard to bringing the car in; they found a fellow who gave them the \$40.00 with the understanding that he was to receive a full case of Canadian liquor in exchange for the money; later the slick gentlemen pushed a couple of six shooters into Norb's ribs and extracted a promise to keep his mouth shut about the "booze;" Norb was instructed to go to the corner two miles east of O'Neill on Highway No. 20 and await a signal which would be given as soon as a settlement could be made with the Jews.

ONEILL-BONESTEEL MAIL HOLD-UP ONLY A FAKE

The people of this community were somewhat excited Tuesday morning when Perry Purchase, who is employed by George Simpson, four miles north of O'Neill, phoned to O'Neill that he thought that the O'Neill-Bonesteel mail was being held up on its way to Bonesteel. Sheriff Duffy drove to the spot where the hold-up was reported to have taken place but could find no evidence of a robbery. It later developed that Mr. Velder, the mail carrier, had stopped and was changing the load so that it would ride more securely; this was the cause of all the scare.

F. C. GATZ FAMILY HOLD A REUNION

The members of the F. C. Gatz family with the exception of Charles who lives at Niobrara, enjoyed a family gathering at the Edward Gatz home last Thursday evening. Those present were Mr. and Mrs. F. G. Clift, sons Bob and George, Long Pine; Mrs. Frank Stevenson, daughter Angeline, Columbus, Nebraska; Mr. and Mrs. A. J. Schrader, daughter Jean, Omaha; Mr. and Mrs. Edward Gatz; Mr. and Mrs. C. J. Gatz; Mr. and Mrs. Will Gatz; Mr. and Mrs. and Mrs. F. C. Gatz.

LOCAL NEWS.

A prairie fire burned over a large strip of country one mile north of the old Mineola postoffice in the northeastern part of the county, last Sunday afternoon, on the George Tomlinson land and the school section leased by Mr. Tomlinson. No buildings were burned but several hay stacks came near being consumed.

Willard Arnold, accompanied by Miss Imogene Jensen and Mrs. Ed Williams, drove to Hastings, Nebraska, last Saturday afternoon where they visited with relatives until Sunday evening. Mrs. W. G. McDonough accompanied them as far as Grand Island for a short visit with her daughter, Miss Ex Laura, who is attending business college.

S. Downey, of the O'Neill Photo Company, accompanied by Donald Stannard, arrived home Monday from the Yellowstone Park where they have been taking pictures and enjoying an outing. Mr. and Mrs. Downey and Donald went to Belle Fourche, South Dakota, about the first of July where they made the pictures of the Round-Up; Mrs. Downey came home soon afterwards while the other members of the party made the trip west.

Next Tuesday, August 12th, is Primary Election day. Every voter should go to the polls and cast a vote for the candidates of his or her party. The primary election is held for the purpose of placing in nomination candidates to be voted for at the general election in November. The contests are all within the confines of the two parties and for that reason the Frontier has nothing to say in regard to any of the candidates; after next Tuesday the Frontier will be at liberty to say something about the candidates that will be chosen.

NURSERY PONDS SUGGESTED FOR NORTH HOLT COUNTY

"Not many Holt county citizens are aware of the great possibilities for trout rearing in the north half of the county," says G. H. Nichols, field man for the Game, Forestation and Parks Commission, who has recently begun an extensive survey of springs and trout streams in this section.

"There are numerous never failing springs," said Nichols, "that flow from 25 to 250 gallons per minute that can be made to supply batteries of trout rearing ponds from which a production may be had that if estimated modestly would startle you. Out in Colorado where every trout raised to table size must be fed artificially, private trout farmers are making handsome profits. Here we have a never failing supply of snail, shrimp, hoppers and insects of all kinds. Instead of poisoning hoppers and risking the destruction of game and song birds, why not have a few million rainbows growing and fattening upon the pests? A mechanical grasshopper catcher is as easily made and operated as a bluegrass seed harvester.

"It is not a visionary statement, continued Nichols, to claim that within three years, should people take hold of the industry and develop it at the earliest possible date, Holt county could be furnishing the county with fresh trout and soon have a surplus to market elsewhere."

Nichols desires to get in touch with all interested parties who have springs that may be developed into small ponds, where there is no possible chance for flood waters to destroy dams.

ANSWER THREE FIRE CALLS FRIDAY, SATURDAY, SUNDAY

The Fire Department were called out Friday, Saturday and Sunday to extinguish small blazes, none of which did much damage.

The fire Friday was a small stack of hay and the yard surrounding it at the George Shoemaker residence on west Fremont street.

Saturday noon the department was called to extinguish a blaze in the Medlen smoke house on the alley at the rear of their meat market.

Sunday a grass fire at the Tourist Park caused the fire boys to make a hurried call.

THE LIONS CLUB HOLD ENJOYABLE LUNCHEON

The Lions Club held another of their enjoyable luncheons at the Western Hotel last Tuesday afternoon.

President Allinger appointed his committees for the coming year and arrangements are being made to make the coming year a profitable one for the club. Many activities that will be beneficial to the people of the community are being agitated and will no doubt be realized during the next few months.

The report of the Watermelon Day was heard. The club broke about even financially. The report will be published in the Frontier in the near future so that all may see where the money was spent!

Superintendent Guy C. Miller, a member of the club who has been absent for several weeks, made a short talk.

WILLIS BARKER

Word was received by friends in this vicinity that Willis Barker passed away in the Clarkson hospital in Omaha, Tuesday morning following an illness of some duration, caused by cancer of the stomach. Several weeks ago he was taken to the hospital for treatment; little hope has been entertained for his recovery from the first and the end was not a surprise to the family.

He was about sixty years of age at the time of his death. He leaves a wife and one daughter, Miss Norine, age twelve.

Mr. Barker with his family purchased a 280-acre farm about ten miles north and one mile west of O'Neill about fifteen years ago and continued to make it their home until his death.

The remains were taken to Dorchester, Nebraska, his old home, for burial. Funeral services were held Wednesday afternoon at two o'clock from a Dorchester church.

CALVERT—BEAL

Gerald E. Calvert and Miss Grace Beal, of Albion, Nebraska, were married July 19, 1930, by the county judge at Wayne, Nebraska; they kept their marriage a secret until a few days ago when they announced the fact to their friends here.

The bride is not an entire stranger to the people of O'Neill; she taught school in the Wallace Johnson district last year, and has arranged to teach the Meek school the coming year.

Gerald is well known in this vicinity; he is the son of Mr. and Mrs. R. E. Calvert of this city. He is a hustling young man of good habits.

The newly weds will make their home for the present at the R. E. Calvert home.

The Frontier extends congratulations.
