"BUDDY ROGERS DOES HIS STUFF IN TUNEFUL HIT

"My Future Just Passed" is the big song hit of Charles "Buddy" Rogers' latest starring picture, "Safety in Numbers," tuneful and merry musical love confection, which comes to the Royal Theatre, O'Neill, Sunday and Monday.
But in spite of the paradoxical title of the song, Mr. Rogers is so engaging and "let's-ful" in this picture that there isn't anyone who would deny that he still has a most distinguished future which will probably take a long time in passing.
"Buddy" has a way about him that just gets to everybody. He's handsome, spirited, capable, sparkling with youth, emanating with good old American pep.
He does things in this picture which are right down his alley. Sings several songs, plays the trombone, battles his love rival in a whirl-wind fistie encounter and makes love—to 5 different girls, three of them the most bewitching of Hollywood's younger blonde contingent, Josephine Dunn, Virginia Bruce and Carol Lombard.

Rev. R. Poe, who has been the pastor of the Methodist church here the past two years, moved his family and household goods to Wakefield, Tuesday of this week. Mr. and Mrs. Poe have made many friends here the past two years who were greatly disappointed at their removal from this charge; they had given the church two years of untiring service and had endeared themselves to all who knew them, both in the church and out. Wakefield, however, is a larger charge and the salary is considerably larger; the people of Inman, while sorry to lose them, wish them all success in their new field of labor.
Steve Alder and Dean Hazen, both of Opportunity, Nebraska, narrowly escaped death Sunday evening when the car in which they were riding suddenly left the road and missed a small bridge one and one-half miles north of Inman; the car turned over twice in the air and landed in the slough below the bridge. The machine was a total wreck, but the boys with only minor injuries, each receiving a number of cuts and bruises about their faces and bodies. There was about two feet of water in the slough, and had the car turned completely over, the boys would have been pinned beneath the water, but fortunately the car landed on its side. After the boys had extricated themselves from the wreckage and water, they went to the home of Roy Gannon, a short distance away; Mr. Gannon then took them to Inman; the car was owned by Hazen, and he carried no insurance on it.
