METHODIST CHURCH NOTES

Benj. Kuhler, Pastor

Receptions are of various kinds—some formal, some informal, some cool and some Kuhler. You may call it the latter if you like, but we liked the kind you gave us. Not because of pomp, parade or paraphernalia, but because you were out to worship with us in such large numbers and showed the spirit of kindly greeting. And we especially heard much favorable comment about the evening service of fellowship together and the excellent sermon preached by Brother Johnson.

Next Sunday evening we meet together in the Presbyterian church. Evening services now at 7:30, please.

The Sunday School voted to send \$5 to relieve those stricken by a hurricane in San Domingo. And that is preaching the gospel in a fine way. Come to our Sunday School. Classes for all.

Morning Worship at 11 a. m. Good singing at all the services, which helps us to make the services uplifting. If you are not attending, let us get the church-going habit.

The Epworth League gave a social Monday night and reorganized for work; about thirty were present. They meet next Sunday evening at 6:30.

"COMMON CLAY" SHAPES FATE

Can an unmarried mother hope for justice from our "best people?" Who are our "best people?"

Can a girl who has made a mistake ever rehabilitate herself?

These are some of the absorbing questions that are fearlessly answered in "Common Clay," Victor Fleming's remarkable production for Fox movietone featuring Constance Bennett and Lew Ayres, which opens next Sunday at the Royal Theatre.

The story centers around a pleasure-loving girl who takes a job in a speak-easy because of the gaiety and music she craves. When the estab-

lishment is raided, she sees the dangers of the path she is following and abandons the bright lights for a position as a maid in a fashionable home. Here, however, she finds herself subject to the same unwelcome attentions and eventually falls in love with the young heir of the house, played by Lew Ayres who betrays her.

Her subsequent efforts to secure justice for herself and her child, with the unexpected turn of events at the climax, form a basis for one of the most interesting screen offerings of recent months. Miss Bennett's work as the girl is acclaimed by critics as a triumph of audible films.
