Inspired by the lovely weather, Sunday Mr. and Mrs. Ralph Beckwith and Myrlen, and Mr. and Mrs. Vern Beckwith went for a joy ride to the Missouri river. They left home about noon, stopped off for a short time at the Spencer dam; drove to Bristow and to Fort Randall; at this place they spent some time viewing the old church. The inscription carved in marble on the front end of the church read, "Christ Church, erected by the First U. S. Inf., 1875. The outside of the church is made of a very pretty stone which is rather chalky, and easily carved into. There were so many visitors names carved on the outside that one could scarcely find space to carve his own name. There is a winding stairs that goes to the very top of a high tower. On the top of this, Ralph and Vern succeeded in carving their names, and brought home a stone for a souvenir. Old settlers tell us that an army of soldiers were stationed at Fort Randall in the early days to protect the white people from the Indians. At the Missouri river, some of the members of the party saw a ferry for the first time; this was the Rosebud ferry.
