LOCAL NEWS

Emmet Harmon came up from Norfolk and spent Sunday with his mother, Mrs. John Harmon.
District Manager Walling, of the Interstate Power Co., was at Wynot, Wednesday, making final arrangements for taking over the Wynot municipal power plant, recently purchased by the Interstate Power Co.

Mrs. O. A. Kilpatrick and Mrs. H. W. Tomlinson spent Thursday in Norfolk.
Mr. and Mrs. Albert Khoury are visiting at the home of her parents, Mr. and Mrs. D. Abdouch. Mrs. Khoury was formerly Miss Phoebe Abdouch. Since her marriage early in November, they have been visiting relatives at Kearney, Omaha and Sioux City.

**SANTA CLAUS WILL BE
HERE DECEMBER 23rd**

As announced in last week's Frontier Santa Claus will arrive in O'Neill Tuesday afternoon, December 23rd, with a great big load of candy and nuts for the kiddies. Santa Claus has sent word to the committee that he is bringing only the best of his supply of candy to the O'Neill little folks; he thinks that the best is not a bit

too good for O'Neill folks, so he is loading up his car with several hundred sacks from his better grades of candy.

The large tree is ready to be set up on the intersection of Fourth and Douglas; the Interstate Power Co. will light the tree as soon as the committee get it in place.

If there are any little folks who are not able to come to O'Neill on the day that Santa Claus is here they can write Santa a letter and if there is enough candy in his pack to go around, he will see that each child gets some candy.

Roy Griffin, accompanied by his mother, Mrs. W. J. Griffin, of Atkinson, Nebraska, departed for Boston, Massachusetts this morning, where the latter will submit to a very delicate eye operation. They expect to be away several weeks.

St. Mary's basketball team went to West Point last week, where they played the West Point team. The game ended in a victory for St. Mary's, the score being 18 to 14.

Jack Weber, of Page, sustained an injury to his eye last Monday, while pitching hay on the W. E. Wanser farm. The handle of the pitchfork broke and struck him in the eye, cutting the eyelid and piercing the eyeball. It is not known whether the eyesight can be saved. Mr. Weber is in a Norfolk hospital.

Mr. and Mrs. E. F. Porter and Mr. and Mrs. C. W. Porter were in Chambers, Wednesday evening attending a get together meeting of the old band members. Of the original band there are only three members left; they are J. E. Daugherty, George Lambert and Earl Coppoc. A lunch was served and talks were made by a number of the old timers.

F. K. McCarty, who has been the district accountant for the Interstate Power Company for several years, departed about five o'clock on Tuesday morning for Dubuque, Iowa, where he has a position in the office of the same company. L. O. Cain, who has been in the accountant department for some time, has been advanced to district accountant and has taken the position formerly held by McCarty.

**FOUR O'NEILL MEN JOIN
SPANISH WAR VETERANS**

Otto Clevisch, H. D. Grady, Charles Harding and Dr. James Brown, all veterans of the Spanish-American war of 1898, drove to Ainsworth, Nebraska last Friday evening where they joined the Long Pine Camp of Spanish War Vets. They enjoyed meeting with the boys who were partners in the fight, a number of whom were in the same regiment under Col. Bryan, that went to Cuba. There is quite a bunch of the Spanish War Vets in the vicinity of Ainsworth who meet regularly each month and enjoy talking over "those days." The O'Neill bunch expect to meet with them whenever the weather will permit.

**O'NEILL CITIZENS INSPECT
SASKATCHEWAN MOOSE**

W. C. Bloom, Lexington, Nebraska, Dr. A. F. Reeves, Farnam, Nebraska, and Harry H. Baker, Orfino, Nebraska, stopped in O'Neill for lunch last Saturday noon; they were returning from a two week's hunting trip to points in northern Saskatchewan, Canada; they had with them on a trailer behind their sedan, the carcass of a large moose, the head and neck of another and the horns of a third that the party had killed; they also had the horns of several deer; one of the moose horns carried thirteen points while the other two showed eight points.

The men say that game was plentiful where they were and that they thoroughly enjoyed the trip, even though the temperature was thirty degrees below zero while they were camping in the game country.

W. C. Bloom is the present grandmaster of the Odd Fellows of Nebraska and is superintendent of schools of Dawson county.

**AGENTS ARE TARGETS
OF GUNMEN'S BULLETS**

(Omaha World-Herald)
Louis Caniglia, 1235 South Seventh street, is being held at the city jail in default of 10 thousand dollars bail on a temporary charge of armed resistance, as the result of a wild chase at two o'clock Thursday morning through "Little Italy" during which many shots were fired in the direction of Federal Prohibition Agents Claude Williams and George Bay, who were both chasers and chases.

The disturbance began when the officers, who were "scouting" in an automobile, saw Caniglia drive by in a car, and set out to catch him. The race had progressed around several blocks when a third car entered, behind the officers' car. Bullets began to fly, and residents began running into the streets.

"Before long," said Agent Bay, "there was so much dust and confusion that we couldn't tell who was doing the shooting. We didn't do any because we didn't know whether bullets were coming from the car we were chasing, or the car that was chasing us, or from persons on the street."

At Seventh and Pierce streets, the officers "pocketed" Caniglia. Agent Williams started with him in the officers' car to the city jail, and Bay followed in Caniglia's car. Before they had proceeded a block two shots crashed through the automobile window close to Williams' head, he said.

At police headquarters Caniglia denied doing any shooting. A 32-caliber automatic pistol was found in his car, and also 15 empty jugs.

Caniglia explained that he sought to elude the officers because he thought they were holdup men.

SCHOOL NOTES

The "Little Folks" have been making Christmas decorations and are preparing for Santa Claus. The First and Third graders have written letters telling him what they want. We hope that Santa Claus receives their letters.

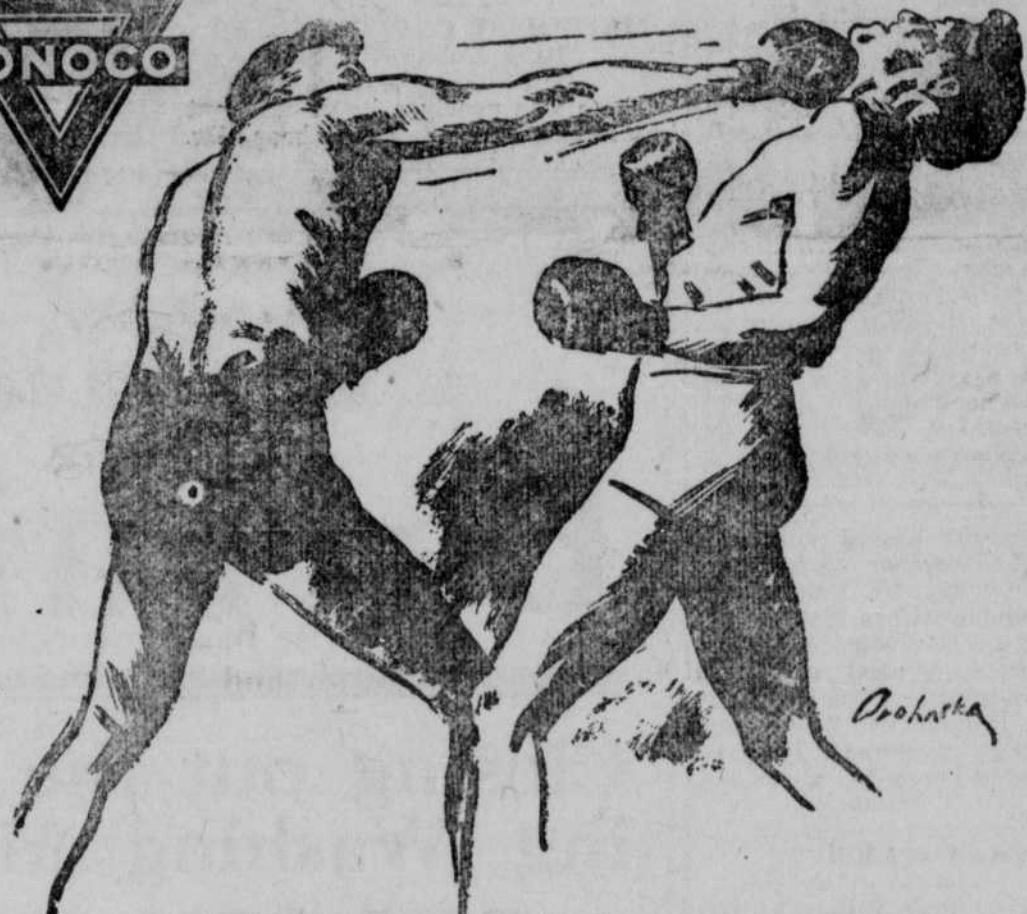

The Kindergartners are making

To Our Patrons

We wish to take this opportunity to thank our good friends and customers who so generously stood by and cheerfully put up with the inconvenience of interrupted electrical service while we were working our way out of difficulties occasioned by the recent sleet storm.

Interstate Power Company

decorations for a Christmas tree which they are going to decorate, with the help of Miss Arbuthnot.
There are still a few who are entertaining the measles and we hope that they can soon be with us again.

Goblins 4th grade Boys
A Christmas Lullaby, Girls Glee Club
Piano Solo Helen Toy
Selections by the Orchestra
Admission: Adults 35c; high school children 25c.

THE PUNISHMENT

**They Get in the First Few Minutes
Decides How Long They Will Last**

And so it is with your motor... 40% to 60% of all motor wear occurs in the first few minutes after starting, because ordinary oils drain away in idle periods. But CONOCO Germ-Processed oil is always on guard duty, never drains away, penetrates metal surfaces, reduces starting wear.

A step on the starter always takes ordinary oils unawares, and it is then that most damage occurs in your motor. By draining away during idle periods, ordinary oils "let down their guard" and let your motor in for severe punishment at a time when protection is vitally needed.

On the other hand, Germ-Processed oil always

has its guard up. Its film penetrates and clings to every working part while the motor is idle.

The first motor revolution finds ready lubrication guarding every clearance. The 40% to 60% of wear which might have taken place before you ever shift a gear is substantially reduced.

Thousands of motorists have found that this improved motor oil prolongs motor life and gives better all-round performance. You can find CONOCO Germ-Processed Motor Oil wherever you see the CONOCO Red Triangle.
