O'NEILL HIGH SCHOOL NOTES

O'Neill High Downs Fast Spencer Five in Thriller

O'Neill High defeated the fast Spencer five here Tuesday night by a score of 20 to 19. Three extra periods and a free throw by each member of the teams were required to decide the winner. Both teams battled on even terms throughout the game which was one of the most exciting games witnessed on the local court for some time.

At the end of four quarters the score was knotted at 13. The teams continued for another quarter but neither was able to pierce the other's defense. In the sixth period Spencer counted with three points, but O'Neill rallied and knotted the score at 16. In the seventh period Spencer again counted with a foul and a field goal but a fighting team could not be denied and O'Neill again, in the dying moments, knotted the score

at 18. A new ruling in basketball prohibits more than three extra periods and if the score is tied at the end of that time, each member of both teams takes one free throw, which was done, O'Neill making two and Spencer one. Thus ended a very exciting game. Olson, of Bassett, officiated.

The O'Neill town team defeated Lynch town team by a score of 28 to 3. Robert Lamb refereed. The game was well attended.

Pep

The Pep squad certainly did its stuff at the game. Sweaters, pep books and new yells were much in evidence.

RUPTURE EXPERT HERE

C. F. Redlich, Minneapolis, Minn., will demonstrate without charge his unequalled method in

O'NEILL

MONDAY, FEBR. 23

At the Golden Hotel

From 10 A. M. to 4 P. M.

Mr. C. F. Redlich says:

The "Perfect Retention Shields" hold the rupture perfectly, no matter what position the body assumes or how heavy a weight you lift. They give instant relief and contract the opening in a remarkably short time.

The secret of their success is in their simplicity. An expertly adjusted device seals the opening without discomfort or detention from work. It is practically everlasting, sanitary, comfortable and actually holds ruptures which heretofore were considered uncontrollable.

Stomach troubles, backache and constipation, nearly always a consequence of rupture, promptly disappear.

Bring your children. According to statistics 95% recover by our method.
