WHEREAS, Highway numbered Thirteen is a designated State-Federal Highway which, with its connections, extends from the north line of the state to the south line, and is a part of the transcontinental highway known as the Canada to Canal Highway, and

WHEREAS, about fourteen miles of said highway has been constructed in Holt County south of O'Neill, leaving unfinished eight miles on the south of the present grade and about four miles on the north—the north part however being temporarily graded, and

WHEREAS, the only outlet to the south from this territory is now the highway running south from Neligh through Elgin, fifty-five miles east, and the temporary highway running south from Bassett to Taylor—53 miles west, and

WHEREAS, the people in this territory need an outlet to the south part of the state without the necessity of traveling to the east or west and returning, and

WHEREAS, it appears from the daily press that there will be available this year additional Federal Road monies for the construction of Federal-State roads,

Now, therefore, I move you that we urge upon Governor Charles W. Bryan and his Secretary of the Department of Public Works, R. E. Cochran, the completion of Highway numbered Thirteen in Holt County south of the present construction this coming year.

**RESOLUTION**

WHEREAS, Highway numbered Twenty is a Federal-State transcontinental highway running from the east coast of the United States to the west coast thereof, and one of the designated transcontinental highways of the United States government, and

WHEREAS, said highway runs between Atkinson and Stuart, in Holt County, and has never been built or constructed between these points, only temporary construction being installed, and

WHEREAS, said temporary construction has been in use for about 5 years and is becoming worn out and is rough and in poor condition for travel at all times, and

WHEREAS, it appears from the daily press that there will be available this year additional monies appropriated by the Federal Government for the construction of State-Federal roads,

Now, therefore, I move you that we urge upon Governor Charles W. Bryan and his Secretary of the Department of Public Works, the construction of Highway Twenty between Atkinson and Stuart, or so much thereof as can be constructed, this year.

 H. L. James

The above resolution on being put to vote by the chairman and the following members voted in the affirmative, John Steinhauer, Hugh L. James, L. C. McKim, John Sullivan, J. C. Stein, Rodell Root, L. E. Skidmore, it was declared unanimously adopted.

**RESOLUTION**

WHEREAS, State Highway numbered Fifty-Four is laid out and runs from Atkinson, Holt County to Burwell in Garfield County where the same connects with other highways leading to the southern part of the state, and

WHEREAS, there has been constructed in Holt County about 14 1/2 miles of said highway, and in Garfield County about 24 miles of said highway, and

WHEREAS, there remains a gap in said highway, not constructed, of about 21 miles which is mostly in this county and extends from the south line of the present grade to the county line on the south where the same will, when built, connect with the Garfield portion of said highway which is now almost completed, and

WHEREAS, eight miles were constructed on said highway last summer which construction is surfaced and is heavily travelled and should be gravelled to preserve said highway and the surface thereon and the county and state's investment therein,

Now, therefore, I move you that we urge upon Governor Charles W. Bryan and the Secretary of his Department of Public Works, the graveling of the eight miles of new construction on said highway in Holt County and ask that they do so this spring and that they construct as much new grade on said highway, south of the present construction as their funds will permit.
