TENSE COURTROOM SCENE HIGH SPOT OF "PAID"

About the most useful sets in motion pictures today are the courtrooms. Scarcely a dramatic talking film with a modern theme is screened without one.

The reason for the popularity of the courtroom in talkies, as explained by Director Sam Wood, who used one in Joan Crawford's new starring vehicle, "Paid," at the Royal Theatre Sunday and Monday is because of its peculiar adaptability to both the technical and dramatic side of talkie producing.

"About four out of every ten films now being made have at least one scene in the halls of justice," Wood concluded.

The new Crawford vehicle opens with a courtroom scene, showing the heroine being sentenced to prison for a crime which she did not commit. The efforts of the girl to avenge herself for the injustice of society is

the theme of the fascinating underworld drama based on Bayard Veiller's stage success, "Within the Law." Supporting Miss Crawford is a large cast including Robert Armstrong, Marie Prevost, Kent Douglas, John Miljan, Purnell Pratt, Hale Hamilton, Robert Emmet O'Connor and others.

SIXTH GRADE SCHOOL NOTES

The sixth grade is drilling on the words for the spelling contest. We have 14 pupils to spell. The class has won for two years and hope they win this time.

Thomas Abdouch has been absent from school the past three weeks on account of illness. We are all hoping he will recover his health soon.

N. B. Ford and wife, aged 57 and 54 years, residents of Lincoln, are dead from drinking denatured alcohol which they purchased for "rubbing" purposes. One would think that people would soon learn that denatured alcohol cannot be drunk successfully.

Some of the towns over the state have passed ordinances prohibiting the parking of trucks on certain streets in the business section of the towns. It seems only a few years ago that the city councils were discussing the removal of hitching posts from certain streets, and what a discussion arose. Conditions are certainly changing rapidly.

Inman Leader: Word comes from Johnstown of the death of Grandma Crippen, which occurred at the home of her daughter, Mrs. McConnell last Saturday night. Mrs. Crippen was a former resident of Inman and was loved by all who knew her. Funeral services were held Wednesday of this week and the body taken to Plainview where interment was made.

Emmet correspondent in Atkinson Graphic: W. F. Grothe lost one of his valuable work horses Monday night. The horse died of a hemorrhage. Mr. Grothe was working the horse, along with three others, around the yard when he noticed the one horse losing blood from its mouth and nose. Mr. Grothe called his son William jr. for help and they unhitched and put the horse in the barn. Due to the great loss of blood in such a short time, nothing could be done. The horse died about ten minutes later. The bleeding started from an infection breaking open.

Norfolk Daily News: Norfolk police are looking out for a young man about 25 years old who is said to be leaving a trail of forged checks at filling stations and tire shops in northeast Nebraska. He is wanted at Wayne, Wisner and Pilger and is said by police to be using the name of Frank Baum. The police have been informed that the young man is about 5 feet, 6 inches in height, heavy set; weighs about 170 pounds. He wears a black sweater under a moleskin jacket and a cap, drives a two-door Ford coach, the license number of which is believed to be 24-1312.

METHODIST CHURCH NOTES

Benj. Kuhler, Pastor

The Easter tide is rising as we approach April the fourth, that is in my soul. We are really sorry for any who may not have an Easter. "My faith looks up to Thee, thou Lamb of Calvary." Next Sunday will be Palm Sunday. We will choose a subject accordingly.

There seems to be renewed interest in the Sunday School, for which we are glad. Still room for one more.

The Epworth League will have its regular devotions next Sunday evening. The Glee Club were well pleased and grateful for their reception and entertainment. And we wish again to thank all for the hearty cooperation and help.

We shall be glad to have anyone speak to us about being baptized or received into the church on Easter, either children or adults. Or if you have not seen us, if you hold membership elsewhere and live here, why not get re-aligned in your home community? Let us declare ourselves in this indefinite day. There will be a service for infant baptism just at the close of the Sunday School hour Easter morn. Bring the children for baptism, whether you have seen the minister or not. He shall be happy to do this for any who wish to present their children for this rite.

Next Sunday evening services will be in the Presbyterian church. We will talk on the theme of "Why My Faith in Christ?"

Lloyd Schieffern, the eleven year old son of Mr. and Mrs. Mat Schieffern, has been absent from school lately on account of eye trouble. His parents took him to Atkinson, Friday where a local optician advised them to take Lloyd to an eye specialist at Omaha. They were also advised by doctors to have his tonsils and adenoids removed while there. Mr. and Mrs. Schieffern expect to leave the first of the week for Fairbury, where Mrs. Schieffern's parents reside. They will leave the three smaller children here while they take Lloyd to the hospital. Lloyd is a pupil at the Rock Falls school.

FORD SAFETY

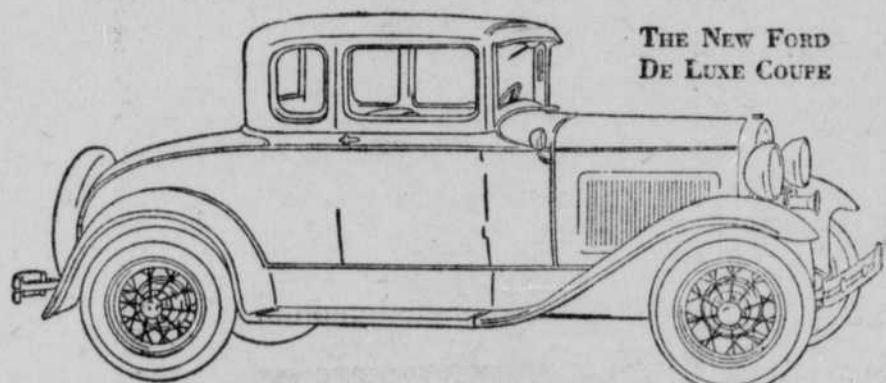

**Triplex shatter-proof glass windshield
has saved many lives in collisions**

EVERY new Ford is equipped with a Triplex shatter-proof windshield. This is made so that the glass will not fly or splinter under the hardest impact. It has saved many lives and prevented injuries in many automobile collisions.

This shatter-proof glass windshield is just one of many features that make the new Ford a value far above the price. Others are the silent, fully enclosed four-wheel brakes, sturdy steel body construction, four Houdaille double-acting hydraulic shock absorbers, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, Rustless Steel, and unusual accuracy in manufacturing.

In addition, you save many dollars because of low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

**Like Color... the best Gasoline
is Blended**

THE artist stands before his canvas with color-laden palette. Blues, greens, white and touches of warmer tones are blended by his inspired brush as the waves of the seascape take form. His genius tells him that only through the blending of just the right colors is the ideal result achieved. Otherwise his most painstaking effort could only result in a monotone, wholly lacking in brilliance.

Artistry and genius have their place in the making of CONOCO Gasoline. CONOCO engineers long since have found that the ideal gasoline is a balanced blend of the three types containing the elements most desired in a motor fuel. There is highly volatile Natural Gasoline, to give quick start-

ing. There is Straight-run Gasoline, to give power and long mileage. There is Cracked Gasoline with its well-known anti-knock quality.

Like the artist with his colors, CONOCO refiners take these three types of gasoline in balanced proportions and blend them. The result is as pleasing to the car owner as is a Rembrandt to the art connoisseur. Of course the genius of "knowing how" is the vital element and it is here that CONOCO refiners excel.

Convince yourself of the merit of CONOCO Blended Gasoline. Try it today. You will find this triple-test motor fuel wherever you see the CONOCO Red Triangle.
