Holt County board met pursuant to adjournment. All members present except Skidmore. Meeting called to order by chairman.

RESOLUTION

Whereas, U. S. Highway No. 20 is one of the principal transcontinental highways running east and west,

And whereas the Federal Government has apportioned to Nebraska a large sum of money to be used for the construction of Federal Highways and the improvements thereon, to be used before September 1, 1931,

And whereas, Highways Nos. 30, 38 and 75 have already received a large apportionment for the construction of paving and considerable more is intended to be spent on said highways under aforesaid Government apportionment,

And whereas no paving of any kind has been laid on Federal Highway No. 20, and none is contemplated to be under contract for the State lettings on February 27th,

Therefore, be it resolved by the county board of supervisors of Holt County, Nebraska, that we respectfully ask that at least sixty miles of paving be constructed on Highway No. 20 out of the aforesaid apportionment, and that such paving be done between the town of Plainview and South Sioux City.

The above resolution, on being put to vote by the chairman and the following members, J. C. Stein, Hugh L. James, L. C. McKim, Rodell Root, John Steinhauser and John Sullivan, voting in the affirmative, was declared adopted.

Board went into committee of the whole and continued checking county officers reports.

My commission expires Sept. 15, 1932

sixty-seven seventh and eighth graders were registered for this examination.

Teachers who have not sent in the report to the Department of Barberry Eradication are requested to do so at once.

A letter has been received from Charles W. Taylor, State Superintendent, in which he asks that all schools of Nebraska devote some part of the day, April 22nd, to the planting of a tree or trees and shrubs on the school grounds. He urges that each eighth grade class plant one tree in years to come. The other prospective school grounds. This custom will be the means of helping to beautify school grounds and each outgoing class will be glad to claim a class tree in yearsto come. The other pupils of the school should also plant trees or shrubs.

Mr. Taylor also recommends that appropriate exercises be held as a part of the school program in all schools of the state to enlist the interest of the children and to direct their thoughts to the conservation of plant life. Memorial trees can be planted and dedicated to men and women who have made contributions to education.

Nebraska is known as the tree-planting state—the home of the Honorable J. Sterling Morton, Secretary of Agriculture in the Cleveland Cabinet. To him belongs the honor of instituting our American Arbor Day.

The State Superintendent has requested that schools planting trees report to the County Superintendent after Arbor Day.

The School News and Practical Educator will pay \$100 in prizes to schools showing the greatest improvement by planting trees, shrubs, vines and flowers this year. For further details, write the County Superintendent.

An interesting meeting of the Holt County Normal Trainers Club was held in the O'Neill Public School on Saturday afternoon. The topics for discussion were Music and Socialized Recitation. Mildred Adams, Normal Training teacher of the Stuart Public School, and Sr. Delores, of St. Mary's Academy, gave interesting talks on Socialized Recitation, and Teresa Pongratz gave an excellent demonstration of a Socialized Recitation in Geography, with the fifth and sixth grade classes from St. Mary's Academy. The subject being studied was "France." Each child presented some article made in that country.

Leona Pribil, teacher in Dist. 111, gave a fine demonstration of teaching music in a rural school with the aid of a Victrola.

Amelia Saunto, teacher in dist. 5, with her pupils, gave an excellent demonstration of how cheaply and effectively a toy orchestra could be organized in a rural school. The Victrola was used with this also. Most of the children's musical instruments were home made and cost practically nothing.

ELECTRIC SERVICE

—For—

The Modern Home

Electric Lighting was once the only electric service in a modern home and was considered a Luxury. Today, electric service is a Necessity. It has become the general house servant. It cooks, washes, irons, cleans, refrigerates, heats water, operates your oil furnace and performs many other tasks as well.

Its cost is nominal. Only a small fraction of the monthly household budget is used for

The entertainment part of the program was furnished by members of Normal Training classes of Stuart, Ewing and St. Mary's Academy. Orville Pollock, of the Ewing school, played two selections on the Musical Saw. The Stuart class presented a playlet contrasting the girls of today and colonial times, and Angela Pribil, of St. Mary's, presented a piano recital.

The last half hour was spent playing games suitable for school and community, under the direction of James W. Rooney, County Agent. A picnic is planned as part of the program for the meeting on May 9th to which all members are looking forward. Teachers examinations will be held on Saturday, April 18th at Atkinson, Ewing and O'Neill.
