RENT DEPARTMENT STORE FOR SCENE

A great department store in full operation, a tailor shop, with tailors, pressers and repairers working furiously—and William Haines industrially pressing pants; replicas of the haunts of New York's society and other lavish details make up a spectacular background for Haines' latest romantic comedy of the talkies, "A Tailor Made Man," which will come to the Royal Theatre on Sunday, Monday, Tuesday, May 24-25-26.

The new Metro-Goldwyn-Mayer production, based on the New York stage hit, is a romance of big business. Haines starts as an assistant in a tailor's shop and rises to be executive head of a great department store. There are a few lessons in the great American game of bluff and Haines gets into comical troubles by trying them. There is a practical cure for "bad times" amid the melange of love and laughter, and the romance that underlies the comedy of business life gives him an excuse for some dramatic acting to vary his whimsical clowning.

Mrs. George Dubois, of Wahoo, came Sunday for a few days visit with O'Neill friends.

A brooder house and 500 chickens belonging to Mr. and Mrs. John Carson, of Star, burned one day last week.

Five members of the city council returned home Friday evening from an inspection tour of American Le-France trucks and pumps. They were in Norfolk, Fremont and Omaha. Those who made the trip were H. E. Coyne, Tom Brennan, L. G. Gillespie, M. Johnson and Frank Phalin.

Clarence Zimmerman, O. F. Rummell and Con Kingery drove to Lincoln last Saturday night. Clarence and Pete Sougey drove from Lincoln to Omaha, Sunday to see the air races; they were only a few feet from Speed Holman when he made the fatal nose-dive and was killed Sunday afternoon.

The fire department were called to the residence of T. J. Coyne, Tuesday morning to extinguish a fire that had caught from sparks from the chimney. Only a small damage resulted. Sunday evening about six o'clock, they were called to the Martin Cronin residence on west Douglas street where an oil stove had been giving the Ernest Young family a scare. No damage was done.

The Omaha Bee-News of Tuesday carried the picture of Miss Dorothy Hester, Portland, Oregon, who broke the world record for outside loops at the Omaha airport races last week. The picture shows Miss Hester receiving medical aid from a couple of nurses; one of the nurses was Miss Nana Beha, daughter of Mr. and Mrs. W. G. Beha of this city, who is a graduate nurse working through St. Catherine's hospital.

MISCELLANEOUS SHOWER HONORING LORETTA PAGE

On Friday evening, May 15th, a genuine surprise was staged at the home of Mr. and Mrs. Henry Murray; a miscellaneous shower was given in honor of Loretta Page, who has been teaching in the Jake Erb district the past two years.

The news got out on a short wave that she had been united in the holy bonds of matrimony on December 23 at Lake Andes, South Dakota. Her numerous friends in this locality arranged and joined in an expression of congratulation; an abundance of good wishes are extended to this worthy young lady.

Along about 8:30 o'clock a large crowd began to assemble, each one with a large package under their arms that looked more like a rain than a shower to me; many very beautiful and useful gifts were among the assortment, too numerous to mention, for the allotted space.

Loretta expressed her appreciation with much feeling stating that it was one of the biggest surprises of her life—the tribute paid to her by her many friends. About 9:30, Albert Rostler and Miss Viola Page provided some very classical music for the light fantasies who had possession of the west side of the house where the young folks were assigned. The east side was reserved for the older set where there was a very enjoyable program in session, reviewing the memories of the past, present and future. The present seemed to be the one that had their "goat." At about 12 o'clock a very dainty lunch was served which consisted of sandwiches, cake, pickles and coffee. That seemed to be very refreshing, as the pace got beyond the writer's control

McCORMICK-DEERING SERVICE — Always Ready When You Need It

YOUR community is served by a well-established McCormick-Deering dealer, as is practically every farming community in the land. His stocks and service are backed up by this large, permanently established International Harvester branch house right here in your own section. In McCormick-Deering dealers' stores the repair bins are well stocked with genuine IHC repair parts. Thousands of these dealers maintain completely equipped service stations, offering factory-standard service on all International Harvester equipment. Additional service stations are being established as rapidly as they are justified by business in the community.

As a direct result, McCormick-Deering service is better today than it was last year or 10 years ago; our resources and reputation are your guarantee that it will be still better when the tractor or any other machine you buy today is 10 years old.

It is our business to protect you in this way, and we take our obligation seriously. It is your business to buy where you get the greatest value; not just the day you sign the order, but through every day and every year you rely on your purchase for cost-reducing work in your fields.

The lack of a small \$1 repair part can easily cost you \$10 or \$100 in lost labor or delayed work, for time flies in the producing season and Nature waits on no man. Your men cost you money when they are idle, the same as when they are working. When you need service on a farm tractor or any other machine you need it quick. International Harvester knows this out of 100 years of experience with farm operating equipment and maintains complete service to back up every tractor and machine bearing the McCormick-Deering or International name.

Keep this superior service in mind when you select new power or equipment with which to reduce your crop production costs. Compare McCormick-Deering tractors and machines with any or all others—weighing one feature against another and one quality against another—then you will be doubly glad to buy your equipment where you can get the absolute assurance of good, quick, convenient service which is offered you by this International Harvester branch and the McCormick-Deering dealer serving your community.

Farmall Savings Investment Plan:

Ask the McCormick-Deering dealer for details of this new plan under which you or any other responsible farmer can purchase a Farmall and Farmall equipment now and meet the first payment this fall with just a part of the savings made possible by the new equipment in the production of your corn crop, with two years in which to pay the balance.
