## COUNCIL OAK STORES

COUNCIL OAK RADIO PROGRAMS  
KSCJ 7:00 to 7:30 A. M. :: WJAG 7:00 to 7:15 P. M.

### EDUCATIONAL NOTES

Through an error the name of Donald Seger, eighth grade graduate of district 172, near Stuart, was omitted from the list of 8th grade graduates. Donald has received his diploma and has made application for high school privileges for next year.

About 80 Normal Training students wrote on the Teacher's examinations here on Saturday.

All students desiring high school privileges for the coming year should make application for same before July 1st.

### COUNTY AGENT NOTES

By James W. Rooney,  
County Extension Agent

**Crops and Soils Field Day June 23**  
The tenth annual crops and soils field day is scheduled at the Agricultural College in Lincoln on Tuesday, June 23rd. Weed identification and eradication, alfalfa wilt, uncommon crops, good soil and crop management, and the annual tour to the field tests of the experiment station, are features of the program. County agents, vocational agriculture instructors and members of the Nebraska Crop Growers Association are expected to help the Agricultural College officials with the attendance and the program.

**4-H Club District Judging Days**  
4-H Club members and leaders will get together at nine district judging days in June and again in August. Extension workers in counties and from the Agricultural College at Lincoln will arrange articles of clothing, baked and canned goods, furniture, curtains, rugs, etc., and classes of livestock and soil products for the boys and girls to judge. The club members are to develop their ability to choose and buy or sell wisely, as well as prepare for county and state judging contests at the fairs. 4-H club news reporters will get together at the same time for a news writing school. They plan to use a new circular just off the press and to practice writing club news stories. The schedule is: Lincoln, June 16; Clay Center, June 18; North Platte, June 19; McCook, June 20; Bridgeport, June 22; Chadron and Kearney, June 23; Sidney and Norfolk, June 24.

**Control For Garden Pests**  
Lead arsenate and nicotine sulphate spray will get most of the garden pests, O. S. Bare, of the Agricultural College, says. The lead arsenate spray will kill most insects and worms that eat foliage off the plants. The nicotine sulphate will get many of those which suck the sap out of the stems and leaves. Cucumber beetles, cutworms and grasshoppers can not be controlled satisfactorily with the usual method of spraying poison on the garden vegetables. The best control for cucumber beetles is to dust the plants well with a mixture of one ounce of calcium arsenate and one pound of hydrated lime. Poisoned bran is probably the most effective control for cutworms and grasshoppers. A quarter of a pound of Paris Green or white arsenic and five pounds of bran mixed with enough water and one-half pint molasses to make a bran crumbly when spread, makes a satisfactory poison. A finely chopped orange or lemon added to the bran will make it more attractive to the grasshoppers, but it is not necessary for the cutworms. The poison bran should be scattered thinly around the bases of garden plants early in the evening for cutworms. For grasshoppers it should be scattered thinly over the ground between eight and ten in the morning.

**4-H News Reporters Enter Contest**  
Announcement is made this week of a news writing contest for the 4-H clubs of Holt county. This contest will be sponsored by the O'Neill Independent, Stuart Advocate and the Atkinson Graphic. The expenses of the winning news reporter at club week will be paid by these three papers. The Holt county champion will compete with the other county champions for the state title. 15 counties held county news writing contests last year. The rules will be published next week.

**Extension News and Exchange List**  
The first copy of a mimeographed News and Exchange List will be distributed about July 1st. Anyone having articles for sale or wishing to buy can notify this office. The News and Exchange List will be distributed to Holt county farm bureau members.

**Oyster Shell Scale Infestation**  
Several pine groves in the southern edge of Holt county and northern Wheeler county show an infestation of oyster shell scale. A number of these groves were sprayed by the Extension Service two years ago. The Extension Service will furnish a spray machine to interested parties. Transportation and the material necessary for spraying would be furnished by the land owner. If the spraying is handled on a community basis the cost to each land owner whose trees are infested, would not be a great deal. Anyone interested in spraying is asked to write this office.

### STEEL CREEK SEWING CLUB

The girls met at the home of Lora Alm, Saturday, June 6th; five new members, Lauretta Lanman, Fern Sorensen, Olive Sorensen, Ruth Schaem and Dorothy Schaem, have signed up with the club. The girls had a peppy meeting, and the next meeting will be held at the home of Helen Cleveland, Wednesday, June 10th.

Doris Powell, Reporter.

### DARLING DARNERS 4-H CLUB

The Darling Darners 4-H Sewing Club met at the home of our leader, Mrs. Alice Fritton, June 4th. Mrs. Fritton helped us in our difficulties in making the laundry bag. We judged the holders we had recently made. We are going to hold our meeting the first and third Thursdays of every month. Our next lesson is

how to make a kitchen apron. We will meet at the home of Lucille Lowery, on June 18th.

Velma Kraska, Reporter.

### METHODIST CHURCH NOTES

Benj. Kuhler, Pastor

That was a fine record again last Sunday. Just about what the average might be, I think. Were we thankful for the rain? We hope so. We still have a great deal to be grateful for when we think of the condition of other parts of the world. Let us not "foresake the assembling of ourselves together" for worship and praise to God. We believe there is a serious turning in that direction, as people are discovering the futility of a life apart from God, for does He not say that "apart from me ye can do nothing?"

Next Sunday is the regular day for Children's Day, but there will be no program on account of the Vacation School. They will have a program the following Sunday night to be announced next week. However, we will have the Sacrament of the Lord's Supper next Sunday morning, with baptismal service and reception of members into the church. Either infants or older ones may be baptized.

### PRESBYTERIAN CHURCH NOTES

Sunday School at 10 a. m.  
Morning Worship, 11 a. m. Subject, "The Individual."  
Evening service will be at the M. E. church. Subject, "Using Our Opportunities."  
We invite you to attend these services.

H. D. Johnson, Pastor.

### LOCAL NEWS.
