

# TRICKS of MAGIC EXPLAINED

by Will L. Lindhorst

DROP OF WATER MAKES COIN FALL INTO BOTTLE

An ink bottle or other small bottle, a match and a dime or penny are required for this trick. Crack the match so that it will be bent and yet hold together. Place the match on top of the bottle with its broken center on one side and the head and tail on the other. Lay the coin on the match and spread the match apart under the coin, so that the slightest movement of the match will cause the coin to fall. Then tell your audience that you will drop water on the match, and coin will fall in the bottle. Carefully drop the water on the broken ends of the match, which will cause them to draw together, and in doing so will pull the head and tail of the match further apart, thereby taking the support of the match from under the coin, and causing the coin to fall.

(Copyright, Will L. Lindhorst.)

## SUPERVISORS PROCEEDINGS

(Continued from page 5)

At this time, the Board as a committee was appointed at a previous meeting for the purpose of visiting and inspecting bridge south of Stuart, went to make this inspection.
