Each year the annual tournament attracts larger numbers; this year the registration was 150; many visiting ladies accompanied their husbands and took part in the Bridge tournament which is an event that is enjoyed by the ladies.

The O'Neill Country Club greatly appreciate the generosity of the wholesale houses and all those who contributed prizes for the tournament; the prizes this year were many and of a high quality and were articles that are greatly appreciated by the recipients. A list of the donors and the articles contributed are published in this issue of The Frontier.

## ELECTRIC SERVICE

### A Servant With Giant's Strength

DR. JULIUS KLEIN, Assistant Secretary of the United States Department of Commerce, Recently Said in a Radio Talk:

"Here is a servant with a giant's strength an almost incredible facility in action—a servant, moreover, who is never saucy or sullen, breaks no dishes and breaks no furniture, does not tell the family secrets, is never in the way, demands no Thursdays off and never develops 'housemaid's knee.'"

There are few homes which cannot afford this servant and this gives the woman of modest income the same opportunities as her more wealthy sisters. See your Electrical Contractor or come to our show rooms for a demonstration of electrical appliances for the home.
