STANNARD'S

A LOT OF CAR
for a VERY LOW PRICE

The Ford effort to make your dollars buy a constantly better car is well illustrated in the Standard Ford V-8. It has all the basic Ford advantages. It is built on the same chassis as the De Luxe Ford V-8. It gives you a choice of smooth 85-horsepower or 60-horsepower V-8 engines. But it sells at low prices, and includes bumpers, spare tire, cigar lighter, twin horns and other equipment that make it a still bigger bargain. With the thrifty 60-horsepower engine, the Standard Ford V-8 is priced especially low and gives the greatest gas mileage in Ford history. Hundreds of owners report averages of 22 to 27 miles a gallon—or even more. Your pocketbook will approve of the Standard Ford in every way. And so will you when you drive it!
