**SOUTHWEST BREEZES**

(Continued from page 1.)

particularly the controversy over the style of hat. Our friends from Shamrock, their lustrous black eyes and raven hair, olive-tan complexion and husky build making them fascinating to a shrimp of a boy, wanted the sombrero, at that day in common use. Dad said "no—you are cowboys enough now." And they had to tog out in town clothes. Emotions of Jew and Gentile throbbed with the common bond of humanity in Holt county at that time, and I do not know that the situation is any different at this day. There was never a lick of sense in persecutions but mankind persists in many senseless pursuits.

**St. Mary's Academy Notes**

The Spanish students manifested the splendid work done in their department on Wednesday afternoon in a general assembly, by a presentation of a collaborate program of projects studied during their course of modern language. The major number of the program was

the two-act play entitled "The Gypsy's Dream." The plot of this production is a Gypsy clan, tiring of the tyranny and cruelty of their Queen, plot her destruction. As the tale unfolds we find Arline, the long-lost daughter of a noble family mourning for a mother whom she feels is mourning over her. How the child is restored to his mother, and the vindictive queen meets her end—all are unfolded in the plot, to consummate a happy end. The cast includes:

Arline ..... Dorothy Jordan  
Myra ..... Jane Parkins  
Sybilla ..... Margaret Hammond  
Lady Constance ..... Louise O'Donnell  
Miss Manners ..... Jean Biglin  
Naomi ..... Winnifred Balthazor  
Rhoda ..... Sofia Sojka  
Corinna ..... Ann Leahy  
Inez ..... Ellen Davis

Francis Connelly gave the introductory speech, while selections and readings were presented by Jean Biglin, Louise O'Donnell, Ann Leahy and Sofia Sojka. Margaret Hammond and Winnifred Balthazor presented a Spanish dance and Jane Parkins sang, "In Old Madrid."

Although the program was presented by the Spanish class it was given in English for the benefit of the audience; it was characterized, however, by Spanish customs, traditions and apparel.

**Boy's Sodality**

Monday of the past week, the High School Sodality held a spring election of officers for the year opening September, 1938. Officers are: Perfect, Jack Kersenbrock; 1st Assistant, Fritz Connelly; 2nd

Mr. Matt Meer of Valentine, came Friday and visited with his daughter, Mary Ann, who is a student in St. Mary's academy, and other relatives and friends.

**NEED MONEY?**

If you are sixty, ninety days or longer behind on unpaid accounts, your credit rating is in danger. Yet it is needless to toss away an asset so valuable. We can restore your rating for you as we are doing for many others. We do this by consolidating your debts; you can pay them all in full. A small payment each month—out of your income—pays off your loan.

Don't delay! Your credit is an asset which should be preserved, so see us now. Phone 14, or call at the office.

Real estate loans to build, buy, remodel or refinance a home, farm loans and insurance are also handled by us.

Fresh Cut—Home Grown Asparagus Pound Bunch..... 8c

**We can't sell you a puncture**

¶ You simply don't want one. Punctures have no "appetite appeal" or "sex appeal." ¶ We can't sell them to you—but when you have them we know you want them fixed right—you want them fixed safely. ¶ Chances are that when you have a flat you get the tube repaired and pay absolutely no attention to the nail hole in the casing that caused the puncture. ¶ Such a hole in the casing sucks in sand and moisture. This gradually weakens the inside of the tire, rotting the cords and chafing the tube. Race drivers call it "Tire Cancer." ¶ This condition often causes dangerous blowouts, although the tire seems to be perfectly O.K. on the outside. ¶ Our engineers have invented a new method of repairing these casing holes. We call it the Bowes Safety Tirepair System. It consists of self-centering tire "welds" which become an integral part of the tire, applied without heat which saps the life of the rubber. ¶ Tire manufacturers and safety experts tell us that the next best thing to a new tire is a Bowes Tirepair. ¶ We hope the next time you pass a service station bearing our red and white seal you'll have your tires inspected. We urge this in the interest of safety as well as longer tire mileage.

ROBERT W. BOWES.

He makes mere "oil-changers" take a back seat . . . because

**ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE**

Do you need any reminder of what oil you bought? Not if it delivers smooth long mileage that you can't forget! Then here's the real big value of the little drain tag you get from Your Mileage Merchant: he marks it with your mileage today as you change to his patented

Conoco Germ Processed oil, and then you can keep tabs on how far you go before you ever need another quart in your OIL-PLATED engine.

OIL-PLATING is exclusive with Conoco Germ Processed oil. The patent-guarded Germ Process forces this oil to "magnetize" on to the working parts in the form of implanted slippy OIL-PLATING. The parts that used to wear worst and make your oil "rub out" fastest, now possess this all-over, deep-seated OIL-PLATING. It can neither drain down while your engine is stopped, nor let loose in all the whirl of 4,000 revolutions a minute. Therefore OIL-PLATING, done only by Your Mileage Merchant, distinctly tells you why your Germ Processed oil and your car money won't do a "disappearing act."
