**HIGH SCHOOL**

The Seniors finally got off to a sneak day Friday, May 6, at 7 o'clock in the morning. Everybody was at school "rarin'" to go at 6:30. Cars were furnished by Don Mitchell, Ladonna Kurtz, R. R. Morrison, Roy Shellhamer, R. W. Carroll, Fay Persons, Ralph McElvain and Warren Thompson.  
 Forty Seniors merrily wended their way toward Long Pine. The journey up was a happy one except that Mr. Shellhamer had a flat. Upon arrival, the boys and girls unloaded suit cases at their cabins and scampered away toward the hills. They studied the soil formation, trees and birds and the beautiful hills of Nebraska's hidden paradise.  
 And then, it rained. So everybody returned to the pavillion where where they danced to the nickelodion until the lunch hour. A delicious sack lunch was served. It consisted of two cold sandwiches with no butter, one cookie and lukewarm coffee.  
 After lunch the group separated, part of them going to a show at the local theater and the others stayed at the pavillion to roller skate.  
 Following another meal, at 6 o'clock, everybody went to their respective cabins to dress for the "ball." Due to the weather quite a variety of attire was displayed at the dance—boots and spurs, slacks and jackets, ten gallon hats, street length dresses and formals.  
 To get the details of the dance, consult one of the seniors. All in all a great time was had by the senior class who brought home many memories and new acquaintances.

The library class is collecting bibliographies on subjects which they consider will be useful to students in the future.  
 The trumpet trio, consisting of Howard Graves, Woodrow Melena and Dorothy Yocum, who rated superior in the district contest at Fullerton, will appear in the National Music meet in Omaha on May 12. Charles Yarnall, who rated superior in voice at Fullerton, will enter the National contest also.

**THE NEW Firestone CONVOY**  
**THE TIRE THAT PUTS MONEY IN YOUR POCKET!**  
 NEW HIGH QUALITY AT A New low price  
**Save 25%**

HERE is the tire that is easy on your purse — the tire that puts money in your pocket by saving you 25%. The sensational Firestone Convoy Tire hits a new all time high in value for it has everything you want — safety, mileage and blowout protection. You will have to see it to appreciate all its extra value features and when you do, you will agree that the new Firestone Convoy is the tire sensation of 1938.

**New High Quality** — First choice rubber and cotton selected that conforms to Firestone's high standards and rigid specifications.

**Long Mileage** — Safe, silent tread design made of tough, slow wearing rubber that assures long mileage. Sturdy bars and rugged notches give protection against skidding.

**Blowout Protection** — Nine extra pounds of rubber are added to every 100 pounds of cord by the Firestone Patented Gum-Dipping process. Every cord in every ply is saturated with liquid rubber which counteracts internal friction and heat that ordinarily cause blowouts.

**Puncture Protection** — Firestone's patented construction of two extra layers of Gum-Dipped cords under the tread protects against punctures.

**NEW LOW PRICES** — because Firestone saves money by controlling and securing rubber and cotton at the source and by more efficient manufacturing and distribution. These savings make possible the extra values at these new low prices.

Don't miss this opportunity to save money. Let us put a set of the new large size, rugged, long wearing Firestone Convoy Tires on your car today.
