While on their western trip they also spent two weeks visiting at the home of Mrs. Hunt's brother, Laverne Thorson, at Volin, S. D.

LABOR BALKS ON F. D. R.

The Associated Press reports that the California State Federation of Labor in the closing hours of its recent convention voted down a resolution "reaffirming our sup-

port of and loyalty to President Roosevelt and his New Deal legislative program."

Delegates, reported the A. P., voted to uphold the resolutions committee in its adverse report on the resolution.

J. W. Buzzell, Los Angeles, chairman of the committee explained this report was decided upon mainly because the committee did not know what the President's future policies and program would be or what stand he would take on various issues.

Waiting For a Sail
The Modern Merchant Doesn't wait for SALES HE ADVERTISES

YOUR MILEAGE MERCHANT backs up his personal assurance of easy winter starting and oil economy by OIL-PLATING your engine...more than an oil change!

Just because this is in print instead of coming direct from Your Mileage Merchant's lips doesn't change the fact that he backs every word personally. How does he go through with that? By giving your engine the only OIL-PLATING. That's not mere words; it's what patented Conoco Germ Processed oil does.

Activated by an added man-made compound—added to oil's best natural qualities—added to the best refining—exclusive Germ Processed oil adds itself direct to the inner engine surfaces...unites so thoroughly that working parts stay constantly OIL-PLATED.

Does the chrome plating on the bumpers drain down every time your car stops? Neither does OIL-PLATING in your engine. When you want to start up again, after hours of wintry parking—after nights or even weeks in the coldest garage—you'll have ready lubrication faster than instantly! —in advance of the fastest oil-circulation. For drain-proof OIL-PLATING has stayed lastingly plated all the way up, to make things slide lightly and swiftly for your starter and battery. That also tells you why you're rid of costly starting wear. And OIL-PLATING stays in as long as you use Germ Processed oil. The gauge-stick gives your Mileage Merchant his strongest backing.

Switch in Time!

CONOCO GERM PROCESSED OIL

OIL-PLATING GUARANTEED to lubricate before any oil can circulate
