Lay Mash \$1.49
Here's a chance to give those molting hens a chance to put on feathers and pullets a feed to make eggs.

This mash is equal to any selling under \$2.00. Rich in protein and minerals. Just feed all they want and feed whole grain with it.

But—that isn't all—you can trade the sacks for a big, 5 ft. hen feeder.

Not over two sacks to a customer.

PAVE ALL STREETS WITH CONCRETE!

7 good reasons why —

- 1 Concrete is quiet. It greatly reduces the tire rumble set up by rapidly moving vehicles.
- 2 Traffic markers are built-in. Joints running the length of the pavement serve as lane markers without costly and impermanent stripe painting.
- 3 Every street demands a gritty, non-skid surface for the protection of motorists and pedestrians.
- 4 At night you need a pavement with high visibility.
- 5 Safety also calls for a pavement that is free from chuck holes, ruts and bumps . . . and stays that way with minimum maintenance.
- 6 You want a pavement that drains quickly . . . that is easily cleaned and stays clean . . . no depressions to catch dirt.
- 7 You want a pavement that makes the whole neighborhood look modern, prosperous, attractive.

Concrete . . . and only concrete . . . completely meets all of these specifications.

Nebraska municipalities have built the equivalent of more than 180 miles of 20-foot concrete pavement during the last 10 years. Many towns are now making use of Federal funds and each year are continuing their street paving program using concrete, the standard by which all pavements are judged.

CONCRETE IS THE REAL LOW-COST PAVEMENT

Good Old Storz's Winterbru BEER

is in Season again . . .

These crisp fall days signal the opening of Storz Winterbru season. Summer, with its light, cooling beers is gone. Now you want a vigorous beer with hearty warmth—Storz Winterbru, the favorite from now until spring. Winterbru is not an ale, but an all-grain, slow-aged beer with real beer flavor. It is exactly the beer you want for this season. Order a case—exports, steinies or cans.
