THE GLOSEST WAVE TO THE NEAD EVER DEVELOPED --that's why KOOLERWAVES

PERMANENT For matchless beauty in a Permanent Wave, we feature the new Rilling KOOLERWAVE. Positively waves closer to the head . . . gives an unusually even curl . . . leaves hair marvelously soft and lovely regardless of texture and color. Your

wave will last much longer. It is cool . . . featherweight . . . only six minutes on the head. Ask us for a test curl. No machine—no electricity-not like any other permanent waving method.

It's Thrilling to Have a Rilling!

-SAFE and DEPENDABLE-

# PAVE ALL STREETS WITH CONCRETE!

## 7 good reasons why -

- 1 Concrete is quiet. It greatly reduces the tire rumble set up by rapidly moving vehicles.
- 2 Traffic markers are built-in. Joints running the length of the pavement serve as lane markers without costly and impermanent stripe painting.
- 3 Every street demands a gritty, non-skid surface for the protection of motorists and pedestrians.
- At night you need a pavement with high visibility.
- Safety also calls for a pavement that is free from chuck holes, ruts and bumps : . : and stays that way with minimum maintenance.
- You want a pavement that drains quickly : : : that is easily cleaned and stays clean . . . no depressions to
- You want a pavement that makes the whole neighborhood look modern, prosperous, attractive.

Concrete : : : and only concrete : : : completely meets all of these specifications.

Nebraska municipalities have built the equivalent of more than 180 miles of 20-foot concrete pavement during the last 10 years. Many towns are now making use of Federal funds and each year are continuing their street paving program using concrete, the standard by which all pavements are judged.

guard against

More common among women than men, fat people than thin people, old more than young. Diabetes is improper burning of fuel taken in form of food.

There are a number of bodily disorders that contribute to the cause of this most serious disease. A regular health examination, including an examination of the urine, will lead to early discovery and prevention of serious illness through prompt treatment. SEE YOUR DOCTOR-this way you KNOW you're safe.

The Worlds Health Leaders and Prescriptions

hink of the greatest men of medicine of whom you've ever heard? Can you picture THEM giving you medicine ready-made by mass production methods? Indeed not-they know too well the physical differences of individuals that require different proportions of different ingredients. YOUR doctor individua!izes the medicine he prescribes for you by writing a prescription. Let your doctor design YOUR medicine-it's the scientific and surer way.
