

Facsimile Newspapers Transmitted by Radio

The world's first regular broadcast of specially prepared facsimile newspapers was inaugurated in St. Louis recently by the St. Louis Post-Dispatch. Latest news events were recorded on 15 receiving sets placed in the homes of members of the station's staff. The original copy of the facsimile newspaper was placed one page at a time on the cylinder of the sending apparatus, and was transmitted by radio waves to receiving sets similar to the one on the right, where the owners read the transmitted newspaper in their own homes.

Vanity Key To Health And Beauty

By PATRICIA LINDSAY

THESE are the Grundys, male and female, who complain loudly about "vanity-case phobia." Wherever you look, say they, you see a woman powdering her nose, rouging her cheeks or putting on fresh lipstick.

These Grundys would like to have all cosmetics banished. But I wonder if they realize that in urging a woman to throw away her beauty aids they are urging her to throw away her health and sanity!

For vanity is sanity! In nations as well as in individuals. Russia, mad for years, made the costly experiment of crushing feminine vanity. Germany is doing it today. One of the first signs of Russia's restored sanity is the successful cosmetic trade in her larger cities!

A pride in your personal appearance is a health barometer. If you lack vanity you are not in normal health. A woman without vanity is

'Bar' Is Popular Spot in Hollywood's Monkey Town

No bars or cages obstruct the view of visitors at Hollywood's Monkey Island, where 535 monkeys, imported from India, hold open house every day. Beneath the artificial mountains on the "tropical island," the monkeys have their "dormitories," with special heating devices. Around the island is a 15-foot moat, containing clear, circulating water. The Monkey club bar is a popular rendezvous for John Monk.

It's Back to Nature for Western Reserve Coeds

To demonstrate to young college women some of the processes of nature on a farm and to supply university cafeterias with fruit and vegetables, a program of general farming is being carried on by students of Flora Stone Mather college of Western Reserve university, Cleveland, Ohio. Here the college coeds store farm products which supply the university's five cafeterias. The girls milk cows, care for horses, pitch hay and perform many other farm chores.

LINCOLN PROFILE

Beneath the two men standing on the sculptured chin of Abraham Lincoln in the Mt. Rushmore national memorial near Rapid City, S. D., is a drop of 2,500 feet. Size of the profile may be estimated by comparing the whole with the men standing on the chin.

LIFE BEGINS AT 70

Member of the house of commons at Ottawa, Mrs. George Black, 73, was elected to that position three years ago. Though elderly, she is as active as she has ever been. Attending the Alaska-Yukon Pioneers annual banquet in Seattle, she sparled with jovial humor.

From New York to Florida via Canoe

Frank Murphy, with a typical Irish grin, threw away his map after arriving in Miami, Fla., after a 1,500-mile trip from New York via the inland water route. The three-months' trip cost him \$40, and was made in an 18-foot canoe equipped with a four-foot mast and three square yards of sail.

Arctic Priest Takes Church With Him

Completely equipped with an altar, this new Fokker amphibian plane will carry Reverend Paul Schulte back to the Arctic, where he is known as the "Flying Priest." Long a missionary in the north country, Father Schulte returned to the United States to purchase the new plane.

BADMINTON CHAMP

In addition to other badminton honors, Mrs. Del Barkhoff of Seattle is the present national championship title holder. For her coming tour in defense of her titles in Spokane, Los Angeles and New York, she will travel 10,000 miles.

MODERN TRAVELER

A very modern miss is Beverly Anne Barneburg, four-month-old daughter of Mr. and Mrs. Frank Barneburg of Boston, who recently boarded an American Airlines plane for San Antonio where she visited her grandmother.

Every Woman Should Like to Look Well

Take the case of a young girl whom I know. She suffered a collapse of nerves from financial reverses and disappointment in a love affair. She was talented and well educated. During normal health she was fastidious, but once her nerves gave way, she let herself go. Her hair was unkempt, her skin blotchy, her clothes untidy. She became so despondent that she would stand for hours with her face turned toward a wall!

Friends, and her physician failed to pull this girl back to health. At last a psychologist succeeded in winning her confidence. He insisted upon regular meals, daily duties, hours of sleep, and (this is where vanity enters) he insisted that each morning and night she sit before her mirror and go through a systematic beauty routine.

He convinced her that happiness was in store for her if she would make the most of herself. He told her she possessed both beauty and charm. Gradually he made her live up to these compliments. In about three months that girl was cured. She is now happily married (to a new beau!) and is successfully coping with a prominent social position! What happened? Her normal pride in her personal appearance had been restored!

So don't let a Grundy deprive you of your vanity case and what it represents. Hold on to it tightly and make it serve you! Be assured that a meticulous beauty gets far more out of life than a drab, disheartened female!

HINT-OF-THE-DAY

Face Powders

The shade of your face powder, its texture, and the way you apply it can make or mar your makeup. A good powder should give your skin the flattering illusion of clarity.

Your skin must look clean and clear and be suavely filmed with powder in a shade that is complimentary, yet unobtrusive. It should never be in a tone lighter than the shade of your skin.

When you choose your powder, let it be the best. It should be downy, yet clinging so that it will not break into patches an hour after you put it on.

A good powder will also retain its delightful fragrance as long as the powder lasts. Many cheap powders change fragrance after a week or two; the original scent becomes oily and sickening.

One of the leading cosmetic makers has brought out a fine powder in several exquisite shades. One is called apricot, a lovely, warm shade that does things for your skin under night lights. For daytime there is a cream shade that is excellent for the average clear complexion, and an ivory that is flattering for the pale brunette.
