SCHULZ STORE

"If It's on the Market—We Have It"

"It may be 'BABY TALK' to YOU—but it makes sense to ME"

"My mother is a smart woman. She realizes what a responsible job it is to take care of me. She knows how to make things as easy as possible while I'm little. She depends a lot on our telephone. She gets things done in a hurry that way. My advice to wise mothers and fellow-infants: 'Life is much easier and happier for Young America in the home where Mother and Dad use the telephone a lot.'"

Few things give you so much happiness, convenience and security as your telephone. In providing your service, we strive constantly to make it entirely satisfactory to you. This requires continuous research to improve equipment and keep down costs and the best efforts of trained employees in every telephone job.
