

Shoe Shine Boys Buy Flowers for Stricken Hero

Here's real hero worship. These New York shoe shine boys, who ply their trade around Madison Square Garden and Jack Dempsey's restaurant, sold enough extra shines to buy a bouquet of flowers for Dempsey, former heavyweight champion, who was stricken with peritonitis following a recent appendectomy. Jack was asleep at the time, but later saw to it that the flowers got a place of honor in his hospital room.

British Minister of War Inspects Territorial Army

Leslie Hore-Belisha, British minister of war, is shown during his inspection of a South London anti-aircraft station recently as he made the rounds of several of the "war stations" and anti-aircraft units in and around the city. The stations are manned by members of Britain's territorial army who are undergoing their annual training.

Dictators Better Speed Aggression, or Else—

Map shows how France and Great Britain, aided chiefly by Turkey, have strengthened their positions in the Mediterranean against further aggression by Italy and Germany. New Turkish pacts with London and Paris, leading to an anti-dictator Balkan bloc, have kept European diplomats busy while British and French fleets strengthened their positions. Many observers think the Rome-Berlin axis has been "stymied" by these democratic counter moves.

By the Waters of Chemquassabamticook

Gov. Lewis O. Barrows of Maine (left) and Stephen F. Chadwick of Seattle, Wash., national commander of the American Legion, camping out in the wilds of Maine, renege at the sounding of the skillet alarm. It's altogether too early, and besides, they're probably tired from pronouncing Chemquassabamticook—site of their fishing expedition. Right: The two anglers wash with cold lake water, preparatory to a day's fishing. They slept in a tent, cooked their own bacon over an outdoor fire, and even caught some fish.

Air Cadets Begin U. S. Army Training

Lieut. H. G. Reynolds, pilot instructor (facing camera) gives instructions to four student pilots at the Grand Central air terminal in Glendale, Calif., before their first takeoff. The instructions are part of the United States army air corps' program of shaping some 1,200 military pilots each year out of youngsters recently graduated from college. Advanced combat and tactical instructions are given at Randolph field.

Dairy Experiment

Production of western beef may be more profitable to many New York dairy farmers than raising milk cows, according to Carl H. Frink, Clayton, N. Y., philanthropist, who has imported many hereford bulls from Nevada. Pictured here is a hereford bull calf with herdsman. If Frink's experiment is successful, it may alter the entire economic situation of dairymen.

Dean of Loafers

Calvin Burleson, prepared for a little real whittin', admits he doesn't mind loafing a bit now and then. In fact, he's the dean of Loafers' Glory, N. C. The town with the odd name was first called that by Burleson's father. It's on the map, too. His father declared the town was "the loafingest place in the Blue Ridge."

40 Mile Soaring Record Established

Chester J. Decker of Glen Rock, N. J., recently established a new American soaring record in Elmira, N. Y., for goal flight and return. Decker flew to Hammondsport and returned to Harris Hill, a 40-mile round trip, in three hours, seven minutes. Previous record was held by Richard C. duPont of Wilmington, Del., who in 1936 flew 34 miles.

Nazi Schuschnigg

Kurt Schuschnigg Jr., son of the last chancellor of independent Austria, now a Nazi prisoner, was revealed recently as having joined the Nazi ranks as a member of the uniformed Hitler youth. The boy, 13 years old, was allowed to visit his father several times while the former chancellor was held prisoner in a Vienna hotel.

First 'Draft Roosevelt' Move Begins

"The Third Termers," first organization in the country whose announced purpose it is to draft President Roosevelt for re-election, was formed recently in Chicago. President of the organization is Judge John Gutknecht. Executive Secretary James G. McConaughy is seated at the desk accepting application cards pledging signers to support Roosevelt for a third term.

Plow Aids 'Der Moxie' in Ring Comeback

Max Schmeling, former world's heavyweight champion, pictured behind the plow he used at Pommerania, Germany, in training for his comeback fight with Adolph Heuser for the European championship. The plow evidently worked miracles for "Der Moxie," for he knocked out Heuser in 47 seconds.

Sentinals of Health

Don't Neglect Them!
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.
Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.
The recognized and proper treatment is a diuretic medicine to help the kidneys rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Inset on Doan's. Sold at all drug stores.
