Nebraska Well Represented at Oslo

Nebraska will be well represented at the Interparliamentary Union at Oslo. Senator Burke is the first vice-president of the American group and, in addition, Nebraska will have as delegates the Third District member and Harry Coffey, of the Fifth District.

The United States is entitled to twenty-eight delegates and thus far twenty-five have been named—six senators and nineteen representatives. Only members of the house and senate can be delegates from this nation. The delegation is fairly well divided between republicans and democrats although the members of the minority party in the House will have a slight majority of the delegation.

The American delegates will formulate their views in matters of vital interest in connection with world peace and neutrality to be discussed at the conference, such as promotion of peace by arbitration, judicial settlement, and international law; outlawing bombing of defenseless cities and safeguarding food ships and reduction and limitation of armament. Because of the world situation the Oslo conference is expected to be one of the most important ever held by the Union in its fifty years of activity. The foreign refugee problem will be one of the major subjects discussed at the conference.

The Interparliamentary Union was founded in 1889 for the purpose of bringing representatives of the parliaments of the world together to promote common understanding of problems of such nature as to require cooperation and mutuality between nations. The Union's fundamental aim has always been to work for the establishment of lasting peace, and, in so doing, to stand, also, for the preservation of the representative system as the best protection of human liberty. In later years, responsive to the increasing complexity of world conditions, it has broadened the scope of its activity to include all of those questions that bear upon the problems of peace between nations.

To Inspect American Missions
The Third district member has accepted two appointments. One—as a delegate to the Oslo conference and, the other, as representative of congress to investigate expenditures in our foreign missions. In that capacity he will travel to various countries on the continent and must report by September 15th. This makes it necessary for him to arrive in Hamburg, Germany, on August 3rd. And for ten days he will visit numerous American missions in Germany in order to be on hand at Oslo, Norway in time for the opening program of the conference August 14th. He will leave Oslo on August 18th, for the continent and after several weeks investigation south of Berlin he will return home.

U. S. Delegates to Oslo
The delegates who will represent the United States at the Oslo conference include: Senators Green, of Rhode Island; Holt of West Virginia; O'Mahoney, Wyoming; Pepper, Florida; Townsend, Delaware; Wiley of Wisconsin; Representatives Fish of New York (President of the American group), Lanahan, Texas; Caldwell, Florida; Knutson, Minnesota; McMillan, South Carolina; Short, of Missouri; Church, Illinois; Coffey, of Nebraska; Harrington, Iowa; Holmes, Massachusetts; Johnson, Indiana; Kennedy, New York; Rabaut, Michigan; Reed, New York; Stearns, New Hampshire; Treadway, Massachusetts; Wigglesworth, Massachusetts; Woodruff, Michigan and Stefan, Nebraska.

Largest Lard Carry-Over
The hogs and lard producers of the country are faced with the largest carry-over of hog lard in our history. This food product which since earliest times has furnished the brain and brawn of our people, is now going into the soap kettles of the nation. Lard substitutes, (Continued on page 4)

Following half a dozen arguments and threats of a sit-down strike and all kinds of perfectly logical excuses and much heckling of the boss the printer's wife had to agree that publication of an extra might cause all sorts of diplomatic entanglements, especially this season as there seems to be an especially heavy calendar, so under the circumstances the spouse thought maybe we had better wait until she managed for a first class prospect of a printer's devil. (Prospects of a hell-box cleaner-upper from the present product seem very dim, it's a girl).

Then there was that business of a name, of course no suggestions have shown up, not more than a couple hundred, but being a printer's daughter, the only bright suggestion the old man could offer was the second row of buttons on the Lintotype Shrdlu and then something short to go with it, Pi, but that immediately started fresh woes for even having that idea, as the wife says that I know perfectly well that both of those names just means a mess. Boy, I just missed justifiable homicide on that one so I promptly gave up and says "It's yours so you name it. But the argument is still on and so far hasn't been settled.

Now in case you haven't figured out what this is all about, Mr. and Mrs. D. H. Boren announce the birth of a 7 1/2 pound baby girl on August 1.

As guests arrived little Kay John, daughter of Mr. and Mrs. Clinton E. John, handed each a tiny envelope in which was a card inscribed "Jane-Clint, October 3, 1939."

Northest Holt Couple Celebrate Silver Wedding Anniversary

July 29th was Mr. and Mrs. Wm. Derickson's 25th wedding anniversary. One hundred relatives, friends and neighbors helped them celebrate on Sunday, July 30. At 12:30 they gathered at the Oscar Newman picnic ground where everyone brought well filled lunch baskets. A bountiful dinner was served in the usual picnic fashion. The bride and groom and a few honored guests were seated at a table decorated with a beautiful bouquet of garden flowers presented by Mrs. Ray Siders and a lovely three tier wedding cake baked by Mrs. Oral Pickering, a sister of the groom. Among the honored guests were Mr. and Mrs. Lowell Hibbs, a recent bride and groom.

Mr. and Mrs. Derickson, pleasantly surprised the crowd by treating them to ice cream, which went very nicely with the wedding cake and other good cakes.

A short program was presented in the afternoon which consisted of a reading "Martha Allen" by Mrs. John Carson and group singing of "When You and I Were Young Maggie," "When You Wore a Tulip and I Wore a Big Red Rose" and "Silver Threads Among the Gold."

A presentation of silver and a set of silver ice-tea spoons were given them in remembrance of the day.

Eight children were born to this union, five daughters and three sons, all being present for the day. He has lived in the Dorsey and Star neighborhood these twenty-five years.

The Weather
It has been not and dry the past week, with only a trace of moisture on Monday which registered .02 of an inch. A lot of the corn in the county is badly burned and hundreds of acres would not make any corn now if we had a flood. Pastures are drying up and farmers and stockmen are getting up against it for feed for their stock. A good heavy rain would be of vast importance to the county as it would revive the pastures. Following is the chart for the week:

	H	L	M
July 27	96	78	
July 28	89	59	
July 29	93	62	
July 30	100	66	
July 31	96	68	
August 1	94	68	.02
August 2	94	63	

Precipitation for August .02. Precipitation since January 1, 1939, 9.92 inches.

Arrested for Wife and Child Desertion

A warrant was issued for the arrest of Bert Gunn on complaint sworn out by his wife, Katherine Gunn, charging him with wife and child desertion. Sheriff Duffy went to Omaha and arrested him and brought him back to this city last Saturday night.

He was taken before Judge Reimer in county court on August 2, where he waived preliminary hearing and was bound over to the district court, bond being fixed in the sum of \$500. He was then taken before Judge Dickson and defendant asked for a continuance until January 2, 1940. The Judge granted the continuance on condition that defendant at once pay his wife the sum of \$20.00 and to pay her \$9.00 each week, the first weekly payment to be made on August 14, and that the defendant pay the costs in this case before January 2, 1940, and that he give bond for his appearance. Being unable to furnish surety bond for his appearance the court released him on his own recognizance.

Her husband preceded her in death twenty-five years ago and was buried in Artesia, New Mexico.

Her body was cremated and buried beside her husband. She was the last of the Charley Tullis family, her father and mother and two brothers preceding her in death. St. Joseph's Parish Amelia Will Hold Picnic, Sunday, August 6th

Sunday, August the sixth is to be Picnic day for Saint Joseph's Parish, Amelia.

Baseball games between Green Valley and Amelia; and between Chambers and Emmet will be followed by other games and a chicken dinner.

Miss Helen Connell, of Great Falls, Mont., arrived here the first of the week for a week's visit with old time friends. The Connell family were former residents of this county, living northeast of this city in the Michigan settlement. The family left here about 1896 and this is Miss Connell's first visit here since that time. She is astonished at the growth this city has made since that time.

Often the young fellow who acts "wild" goes that way because he isn't intelligent enough to attract attention in any other manner.
