your Electrical Servant

You've probably never seen me before but I'm an old friend of yours. I've been on the job in your home right along. You see I represent electrical service. All you need to do is plug in a wire or snap a switch and I go right to work.

Some people say I'm the champion servant because I never eat or sleep; I'm always on the job; and I work for just a few cents a day. My work is to light your home, cook your meals, heat the water, and do a dozen of other jobs like that. It's fun for me to make life easier for you. Goodbye for now . . . I'll be seeing you regularly in our advertising.
