

Our Actions Bring Results!

Reports taken from our inspection of Nebraska taverns are not filed and forgotten. The Nebraska Committee works quickly and closely with the State Liquor Commission in its campaign to "clean up or close up" beer retailers who operate in violation of the law or common decency.

The brewing industry will not tolerate abuses — co-operation in this self-regulatory program makes law enforcement possible. Give your business to reputable dealers who operate legally. Help protect this industry — one of the state's largest taxpayers, business stimulators and employers.
