The citizens of Atkinson are again agitating the county division question, and will present a petition to the county board soon, asking that the proposition be submitted this fall. We are told that the proposition is to take three-quarters of the county for a new county, to be called Elkhorn and leave one quarter (the northeast) for Holt.

THE NEBRASKA SCENE

By the Lowell Service

Lincoln—Partisan strife is raging unchecked at the state house. The board of educational lands and funds, a body dedicated to the wise investment of school money, is the battle front. There are signs of activity which indicate that the secretary of state, the banking department, and the insurance bureau will soon become involved.

State Treasurer Havekost last week moved that T. J. Sullivan of Beatrice, a democrat, be named clerk of the school lands and funds office. Sullivan was elected by the votes of Cochran, Swanson and Havekost, with Attorney General Johnson dissenting. The attorney general thought the state surveyor could do the work.

"The administration of the school lands and funds," said Johnson, "is of utmost importance and affects the general welfare of our schools. All matters should be considered in the light of the best interests of the state, but the action of the majority of the board indicates that politics cannot be forgotten."

At the next session of the board, early in October, the attorney general will press for the payment of his assistant, Robert A. Nelson, who has been acting as attorney for the board. Secretary of State Swanson and Governor Cochran refused to authorize payment in the hectic session of the board held the day the late State Treasurer Bass died. Refusing the suggestion of the republican national committee-man, Hugh A. Butler, that precedent be followed, and a republican be appointed, Governor Cochran

named John Havekost to the position. This selection broke the tie, and the democrats have three of the four votes on the board. The office of land commissioner was abolished, leaving four members on the board. Efforts to add the state superintendent to that board have failed.

Mr. Sullivan will succeed Gurney B. Thomas, who, along with a number of other republicans, has held over from the regime of former land commissioner Swanson. The su-

preme court handed down a decision allowing Swanson to hold over for two years after the office was abolished. Since January 1, the board has been in deadlock, and the republicans could not be fired. Soon after the adjournment of the legislature, the Governor dismissed "Bill" Lundy, a veteran state house receptionist. This was the beginning of the so called purge. It is now stated that the remainder of the republicans will be let out.
