

O'NEILL BUSINESS MEN

— WELCOMES —

"SOOMEN" OF SIOUX CITY AND THE BURLINGTON "SILVER STREAK"

Train Will Arrive
In O'Neill
At 6:05 P. M.
Thursday, April 4

Train Will Arrive
In O'Neill
At 6:05 P. M.
Thursday, April 4

The appearance of this train on the O'Neill line of the Burlington Railway was only made possible through the activity of the "Soomen" Committee of the Sioux City Chamber of Commerce. This organization, after negotiating with officials of the railroad for three weeks, chartered the train, and 150 business men will board the special for a trip to O'Neill.

The "Silver Streak" is the last word in modern transportation and will be seen by many who have as yet never had the opportunity before to view one of these beautiful streamliners.

The train is composed of a 2,000 horsepower diesel-electric locomotive, mail car, express car, two luxurious chair cars and a combination dining and parlor-lounge car. The entire exterior is of stainless steel as might be expected from its name, the "SILVER STREAK."

It is regrettable that arrangements could not be made for stops at every station, but because of the light weight track on this line the train must proceed with caution and the limited time will not permit stops. However, slow speeds will be maintained through the towns permitting the spectators to view its beauty. At O'Neill, it will stand at the depot for three hours and will be open to the public for inspection.
