### Superliners for War Debts Urged by New Yorker

Aided by a fleet of tugs, the Queen Elizabeth, British luxury liner, is warped into her New York harbor berth—haven from the European war. For neighbors she will have the Queen Mary, her sister ship, and the French liner, Normandie—the largest ships in the world. Combined value of the three super-ships is \$103,750,000. Assemblyman John A. Devaney, Bronx Democrat, introduced into the lower house of the New York legislature a resolution proposing that the American government seize the three liners in payment of World war debts.

### Their Negotiations Saw End to Russo-Finnish War

Principal figures in bringing to an end the three and one-half month war between Finland and Russia were (left to right) Viacheslav M. Molotov, Soviet foreign commissar; Rysto Ryti, premier of the Republic of Finland; and Dr. Juho Paasikivi, Finland's outstanding expert on Russo-Finnish affairs. Ryti and Molotov headed the groups that agreed upon terms of a peace treaty between the two countries. Russia's grip over the northern Baltic was virtually clinched by the terms of the peace treaty reached with Finland. Terms of the treaty were considered by authorities to be much harsher than pre-war Russian demands.
