To The Voters of the Second District

I am a candidate for Supervisor on the Republican ticket for the Second District, and as I do not have time to make an extensive campaign, I am taking this means of soliciting your support. I am 41 years of age, a World War veteran and a lifelong resident of the county. I have lived all but four years of my life in the Second District.

If nominated and elected, I feel that I can and will conduct the affairs of the office in a fair and impartial manner.

LET'S SMASH THE SHACKLES OF DEPRESSED AGRICULTURE

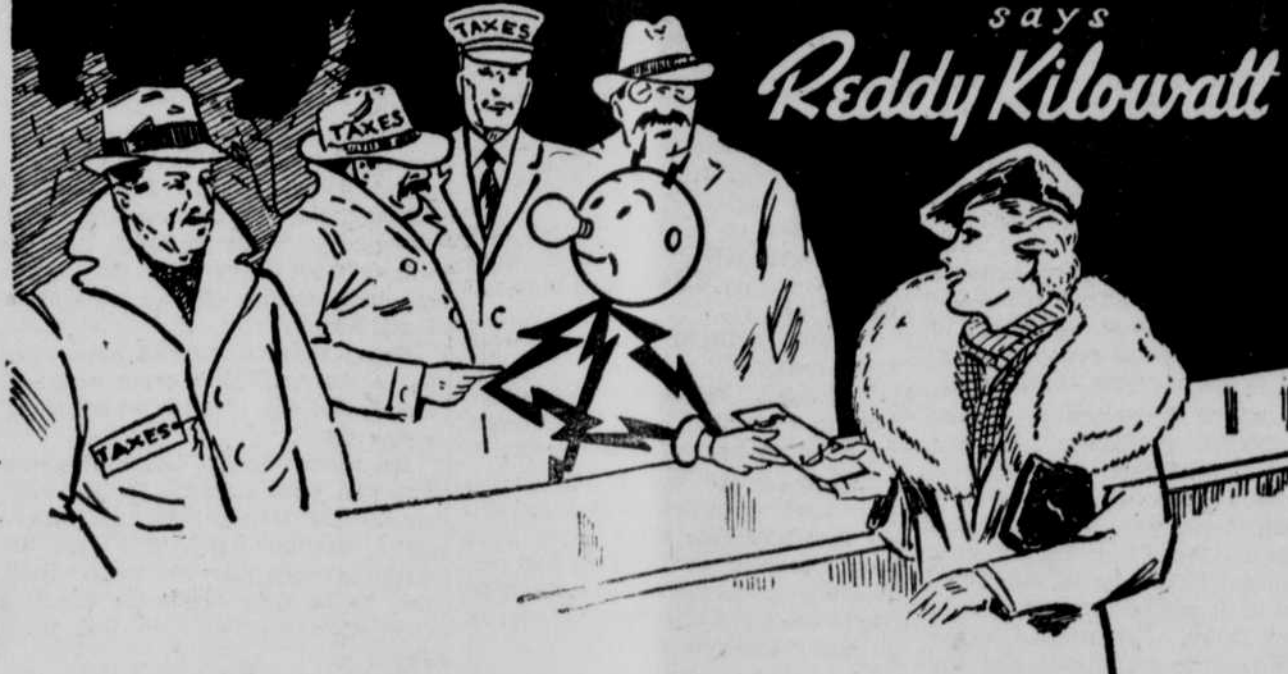

Depressed agriculture is Nebraska's biggest problem—the basis of every other economic problem. Only a man who knows the farm problem from the ground up—a farmer himself—can aid in the solution.

A lifelong farmer, and a successful businessman—meeting payrolls for 32 years, Hugh Butler has the background, the experience, and the practical judgment for the job.

Hugh Butler offers a sound, sensible program for recovery through production—not scarcity. He feels that we must continue the present farm program until we build a better one—but a better one can and will be built. Be part of that program. Plan to vote for Hugh Butler.

OVER 10 CENTS OF EVERY DOLLAR OF MY WAGES GOES FOR TAXES

"The amount of taxes paid by the Interstate Power Company has risen steadily during the past ten years until now out of every dollar you pay me for service approximately 11 cents goes for taxes," says Reddy Kilowatt, your Electrical Servant. "This amounts to a total of over \$698,768 a year. We are glad to do our part with this tax money towards helping finance your police and fire protection . . . educate your children . . . build your roads . . . share in the cost of federal, state, and local government . . . and do numerous other things to help make your community, of which we are a part, a better place in which to live. These taxes are only one of the many items that go into the cost of bringing you good, courteous service."
