LIVING COSTS
ZOOM!
ELECTRIC RATES
DROP

Now
ELECTRICITY
IS CHEAPER
THAN EVER
Before

Living costs are up. Such items as food, rent, taxes, and clothing cost about a fourth again as much as they did in 1933. But the cost of electric service in homes served by the Interstate Power Company has been steadily decreasing. This reduction in your electric rates, in both times of prosperity and depression, is due to efficiency of private utility operations and your increasing use of electricity.
