Making Your Own Hook Rug Designs

By RUTH WYETH SPEARS

ANTIQUe hooked rag rugs have a special charm because their designs show so much individuality. The women who made them, marked out their own designs on burlap, planned their own color schemes and dyed the rags. To draw a floral design, first make a circle and then a spiral line inside which becomes a rose. Two ovals with a triangle at the base become morning glories. Real leaves from plants and trees become tracing patterns for leaf de-

signs. An oval cut from paper makes a pattern for a center medallion.

When making your own hook rug designs, always leave a hem allowance at least two inches wide to be turned under after the rug is hooked, and be sure to overcast the edge of the burlap as soon as it is cut. Center guide lines through the length and the width of the burlap will be helpful in balancing your design. The flowers and leaves may be cut out of paper pinned on the burlap, this way and that. When you get an arrangement that pleases, trace it to make your pattern.

NOTE: Mrs. Spears' SEWING Book 8, gives more rug hooking designs and further suggestions about how to draw your own flower designs. Also directions for a hook rug in the old-fashioned shell design. No. 5 contains descriptions of the other numbers in the series. To get your copy, address:
