NEW ROOF ? NO! ROOF-DRES

New Beauty, Longer Life For Your Old Roof!

There is something new under the sun! It isn't paint. It isn't stain. It's Roof-Dres! Wartime research in Forman, Ford laboratories developed this roof-dressing, fortified with plastic resins.

Roof-Dres does three jobs—Waterproofs, Beautifies, and Preserves. It's economical, too! Apply it like paint over asphalt shingles, wooden shingles, or metal roofs. Roof-Dres comes in four attractive colors to harmonize with the color scheme of any home. If your roof is worn, yet not worn out, Roof-Dres will make it look like new, and give it renewed resistance to the ravages of weather. Renew your roof now-with Roof-Dres.
