NOTICE TO GENERAL PUBLIC

We wish to call attention to Section of the Statute 36-716 R S. Nebr., 1943: "Any person who shall deposit any kind of material or any part of a lawful road in this state inside or outside of the ditches, or cause the accumulation of rubbish or any kind of obstruction shall upon conviction thereof be fined in any sum not exceeding \$100.00, or shall be imprisoned in the county jail for not more than 30 days.

It has been called to our attention that telephone line repairmen and other individuals in various parts of the County are violating the above Section of the Law. We take this means of informing the Public that the accumulation of rubbish of any kind cannot be permitted in road ditches and sufficient time will be given for the removal of it. If it is not removed in a reasonable length of time it will be necessary to take legal action against the offending parties.

115,000 VOLT LINE READY BY FALL

Consumers Asks Bids on Equipment for Norfolk-Neligh-O'Neill Area

With the new 115 thousand volt transmission line being constructed by Consumers Public Power district in the Norfolk-Neligh-O'Neill area progressing rapidly, Consumers has advertised for bids on substations, control and relay equipment, switchgear and other related equipment to be installed in conjunction with the new line.

According to Consumers officials, the new line is expected to be completed some time this Fall and will be operated at 33 thousand volts temporarily until substation equipment and other facilities can be completed at Norfolk and O'Neill for operation at 115 thousand volts.

The advertisement for bids covered one 69 thousand volt substation for O'Neill, one 115 thousand, and one 34,500 volt substation for Neligh and one 34,500 volt substation for Norfolk, along with control and relay equipment, outside switch gear, lightning arresters, transformers and other equipment for completion of Consumers portion of the construction to tie in with the high voltage transmission grid of the Nebraska public power system.

The Nebraska public power system will install that portion of the substation equipment related to the delivery of power to the substations connecting the new line.
