REA Lets Labor Contract for Boyd—William Blakkolb, president of the Niobrara Valley Electric Membership Corporation at

O'Neill, has announced that a contract has been awarded to the W. H. Griffin Construction company, of Columbus, for the construction of 119 miles of REA lines in Boyd and Knox counties. Mr. Griffin's bid was the lowest of four bids submitted and amounted to \$38,503.62.

The contract is for furnishing the labor to install the material the organization already has on hand. Ed Wilson, manager, said this 119 miles of line would bring electricity to 304 farm units along the proposed lines.

The construction of these lines will be completed about the first of the year unless extreme cold weather sets in.
