**You Can Be
 Thankful
 for Bumper Crops
 and Pleasant Living**

Nebraska has been particularly blessed this year. Corn, wheat, alfalfa, sugar beets and pasture grasses have all produced bountifully.

Nebraskans can be thankful, too, for this state's excellent liquor control statutes—clear, enforceable, backed by public sentiment.

Since violating taverns risk loss of their license, most tavern-keepers strive to operate in the public interest—to keep their places clean, wholesome and decent—to eliminate sales to excessive drinkers and minors.

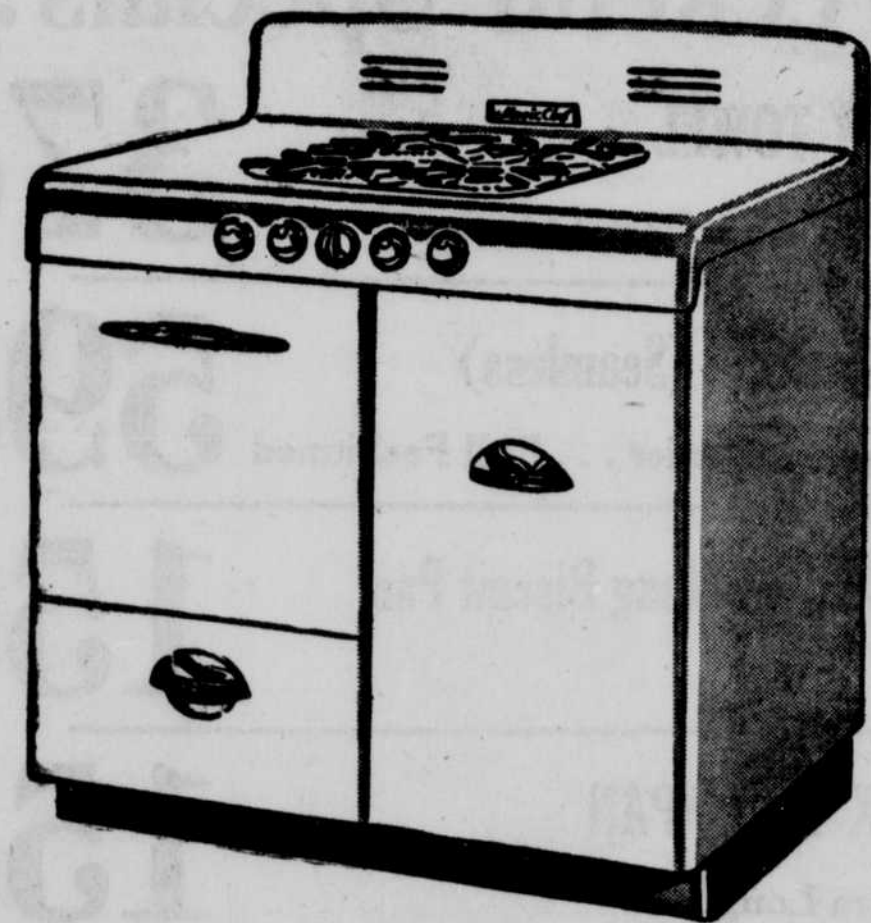

It's your duty, as a citizen, to demand strict enforcement of the law . . . to discourage excessive drinking and unsocial conduct.

The brewing industry, working for strict law enforcement, welcomes all opportunities to cooperate with citizens to this end.
