**Lynch High Junior Writes About 4-H
Camping and Excursion to Lincoln**

By BLANCHE SPANN PEASE

Hi there, all you nice people! Well, here it 'tis, middle of January. That's the time when you were going to accomplish so much. Remember? Sewing, quilt-making, mending, and I don't know what all. Well, write and tell us about it, won't you? Maybe you're canning some meat, too, or making up a batch of jelly from the juice you canned last Summer. Whatever it is, it may make interesting reading, so why not sit down and write us about it?

Blanche Spann Pease once in a while when I had a grade school youngster in a country school.

I sent several jars of commercially canned soup to school, also a box of crackers. One of the other mothers did the same for her youngster. Each day, my son and the other youngster selected one can of the soup and opened it, adding a can of water as per directions. They heated the soup on the school stove and there was enough for a bowl each for them. It made a welcome change now and then from the soups and hot drinks I sent from home, or I sent a hot drink and the soup supply at school augmented the lunch sent from home.

If you have no one to exchange with keep a supply of canned soups at home for those days when you can't manage anything. Fix the soup in the morning and put in the thermos jar. Keep what won't go in the pint thermos jar for at home—and again you've solved a problem and the youngsters will be better fed. It is important that they have this hot dish, and I know from many years of experience that it isn't always easy to manage.

If your children and your family likes cheese, here is a cheese-relish spread that is good for lunch boxes. This recipe makes 10 to 12 sandwiches. That is probably enough for the school lunch boxes and some put in the refrigerator for you to serve for the noon day lunch at home.

CHEESE RELISH SPREAD

One tablespoon butter, one egg, beaten, 1/2 cup sugar, 1/2 cup vinegar, one teaspoon salt, one pound cream cheese, shredded, one small can pimentos, chopped, two hard cooked eggs, chopped, four medium-sized sweet pickles, one tablespoon grated onion. Mix butter, beaten egg, sugar, vinegar, and salt. Bring to boil. Add cooked mixture to cheese, pimentos, hard cooked eggs, pickles and onion. Mix thoroughly until all is well blended. Spread on buttered bread. It is a wonderful lunch box treat, or is quite adaptable to open face or party sandwiches. If you don't use all the spread, it can be stored covered in the refrigerator.

PRUNETTES

These are chewy cookie confections that the children will enjoy in the lunch box. Two-thirds cup sweetened condensed milk, 2-3 cup chopped, cooked prunes, few grains salt, 1/2 teaspoon vanilla, 1/4 teaspoon lemon extract, four cups shredded cocoanut. Combine condensed milk, prunes, salt and flavorings. Blend in cocoanut. Drop by teaspoonfuls on buttered baking sheet, about an inch apart. Bake in moderate oven of 350 about 12 to 15 minutes, or until lightly browned. Remove from pan at once. Makes 36 to 40 cookies.

Subscription Winning Letter —

Mary Lucille Osborn, of Dorsey, wins a three-months' subscription to The Frontier today:

Dear Mrs. Pease:
Read in your column where you wanted letters. Now I'm not a homemaker yet, but have had two years in 4-H and enjoy it very much. Thought you might like to know some of the things a 4-H'r gets to do on some of the trips and excursions that they get to take. I was chosen as the representative from Holt county for this trip. It was a trip to the state conservation camp at Seward, which was paid for by the Federal Cartridge Corporation, of Minneapolis, Minn.

I had my first experience with shooting a rifle when I was at camp, but after two tries I hit the target. I never knew it was so much fun. Have always wondered why my Dad liked to hunt ducks and can see why now.

We have midget mosquitoes up here, compared to those in Seward. This 612 is certainly swell to get rid of the pests.

The closest park on our place which is at Niobrara was built by the CCC boys several years ago. Last Summer a deer and a peacock were added to the attractions there.

During our study of conservation was a talk on why we should protect our snakes. The rattlesnake and the copperhead are our only dangerous ones. The others aid the farmer by keeping away rats and mice.

We also studied about farm ponds. One really doesn't know the enjoyment a person has by having a farm pond, but maybe some people just don't like fish.

Badger Clark told us some very interesting stories about the badlands of South Dakota, also some very good poems which he himself wrote.

While we were in Lincoln we visited the Pioneer park, the capitol, the zoo, the museum, a bottling plant and the Sunken gardens. In the Sunken gardens was the most beautiful variety of flowers and trees I have ever seen.

While at the capitol, we saw the governor's office. The governor also talked to us about the Ft. Randall project.

We had several talks on the wild birds of Nebraska. I never knew there were so many kinds of wild ducks in this state but there surely is a lot of them.

Well enough of this about my trip, and I'll tell you something about myself. I am a junior in the Lynch high school. I have brown hair, blue eyes and am about five feet three inches tall. I enjoy cooking very much. I am enclosing my favorite cake recipe:

SOUR CREAM CAKE

One and a half cups sour cream, two eggs, 2 1/2 cups flour, one teaspoon soda, 1/4 teaspoon baking powder, one teaspoon salt, one teaspoon vanilla, one cup sugar, three heaping tablespoons cocoa. Beat eggs, cream and vanilla with Dover beater well. Put in flour sieve sugar, salt, flour, cocoa, soda and baking powder. Sift into cream mixture, whip up good. Bake. Our cream tests about 40, which would make a difference if it was too much richer.

MARY LUCILLE OSBORN, Dorsey, Nebr.

Sandhill Sal

If you are lonesome, just start scrubbing the kitchen linoleum. I give you my word some one will feel burning need to track across the floor into another room.

If you don't want the youngsters to find that candy bar, hide it under the soap in the bathroom. They'll never think of looking there. Cackle!

The aversion of small fry to soap is not strictly confined to them. I feel the same way about the kind you use for washing dishes. I'd as leave let George do it. Guess that'll make the English teachers shrivel!

Mary Lucille, we were glad to have your interesting letter. I'm proud of the achievements of your 4-H youngsters. More power to you all!

—tfw—

Check Your Linens —

Now is the time to look over your white goods and linens and see if you have to buy some. Do you need sheets or pillow cases? Best time to buy them is this time of year when the white goods sales are on at your stores. Be sure to buy pillow cases that are large enough for your pillows, as they'll wear better. And buy sheets that are wide enough and long enough for your beds. A too small sheet is just not an economy. You need them long enough for a good tucking at the bottom for top sheets and, of course, you want to miter the edges of the bottom sheet.

Change sheets from top to bottom, that is rotate their use. And change them by putting the wide hem at the bottom of the bed every other day too. This changes the wear spots. Rotate their use each week, also, slide the sheets you use from the bottom of the pile, put the freshly washed ones on top, so that the sheets get several weeks "rest" in between use. This means much longer wear. Don't fold them always the same way—wear comes along the folds, too, believe it or not.

Medcalfs Entertain —

CHAMBERS — Guests in the E. H. Medcalf home for Christmas dinner were: Mr. and Mrs. Norman Medcalf and children, of O'Neill; Mr. and Mrs. Don Medcalf and son, of Ainsworth; Mr. and Mrs. Ben Medcalf and son, of Sioux City, and Marilyn Miller.

Arrive for Funeral —

CELIA—Alfred, jr. and Donald Staples, both of Cheney, Wash., arrived Saturday, December 25. They were called home by the death of their mother, Mrs. Alfred Staples, sr. Mrs. Joe Hendricks, of the Celia community, is the daughter of the late Mr. Alfred Staples.

Celia and Mrs. Neiman teaches the Sunnyside school.

Mrs. Mary Wetzler spent Sunday at the C. E. Worth home.

JOINT PROGRAM HELD
CELIA—The pupils of the Sunnyside and Celia schools gave a Christmas program on Friday afternoon, December 24. In spite of hazardous roads, there was a "good" attendance. Miss Jeanne Scott teaches
