## Letter Box

Star, Nebr., February 20, 1949.

Dear Sir: "Weekend in a Weasel" by Cal Stewart, editor of The Frontier, will no doubt go down in history here of the Blizzard of 1949-49.

Mr. Stewart braved the weather to see the result of the disaster and am sure he found that reports were not exaggerated.

We feel we owe so much to the Fifth army, the emergency center, our county agent, Mr. Dawes, and pilots of the planes who all did such wonderful work.

We in this, the Star and Dorsey communities, also do not forget how very much we owe to Mr. and Mrs. Jim Wiley, who live at Dorsey and take care of the Dorsey telephone exchange. There would have been much more suffering here had it not been for Mrs. Wiley's work at the switchboard, putting in local and long distance calls. Most of the time there was no one to relieve her, until she was exhausted. At times she was scarcely able to speak, but after snatching a little rest she would be back at her post. At the same time, Mr. Wiley, who is the postmaster there, doing all that was possible for him to do. Our hats are off to them, and they really deserve recognition for their untiring service during a great emergency.

M. L. WERTZ.
