GAS IS A FLEXIBLE Fuel!

FLEXIBILITY . . .

Mrs. America likes to have a flexible flame at her command, from a pinpoint simmer to a mighty torch. She wants the most delicate heat that will not scorch a dainty sauce; she wants a searing flame that will broil steak to just the right degree of crispness. She wants a flame that will singe the pinfeathers from a fowl, or pop the corn her children loves.

See What Gas Can Do on a MAGIC CHEF STOVE.
