St. Patrick's Church Organizes in 1877

First Priest - Father Smith - Lives in **Private Homes**

On March 4, 1934, Rt. Rev. J. G McNamara came to O'Neill under appointment to assume the duties of pastor of St. Patrick's parish. The history of this par-ish began with the assignment of Rev. Father T. Smith as resident pastor in October of 1877 and has marked a steady growth from that date until the pres ent. Starting with little the church's interests now comprise not only the fine edifice for worship, a home for the clergy but one of the largest and most efficiently administered paroch-

ial academies in the state.

Monsignor Cassidy, for many years the highly esteemed pastor, wrote the history of the parish. Through the courtesy of the present pastor, Monsignor McNamara, The Frontier has been given access to this history from which the following facts are gleaned.

Official organization of the parish was effected in 1877 with the appointment of two trustees. Bishop O'Connor vis-ited the parish for the first time in the Summer of 1880 when he administered the sacrament of confirmation to 91 communicants.

During his pastorate Father Smith had as assistant pastor part of the time Rev. Thomas Cullen and Rev. P. Brophy. He secured the erection of a church building 40x100 feet and after living for a time in the homes of John Cronin, Dennis Daly and J. P. O'Donnell, a permanent home was built for the pastor. At the close of Father Smith's pastorate there were 165 families connected with the church

and a cash balance on hand. In 1886 Rev. M. F. Cassidy was transferred from the Rawlins, Wyo., church to O'Neill and Father Smith was assigned to the Cheyenne, Wyo., parish.

Bell Installed

Father Cassidy's first undertaking was to enlarge the church making room for 10 more pews which furnished a seating capacity in the church of 500. And in the autumn of 1886 had a 90foot tower built at the front of the church and a bell put in which, with the iron frame, weighs 4,000 pounds. This bell church.—O'Neill Photo Co. tolled for the first time for the early mass celebrated Christmas building 75x45 feet, two full The parish grew in membership and attachment and morning that year.

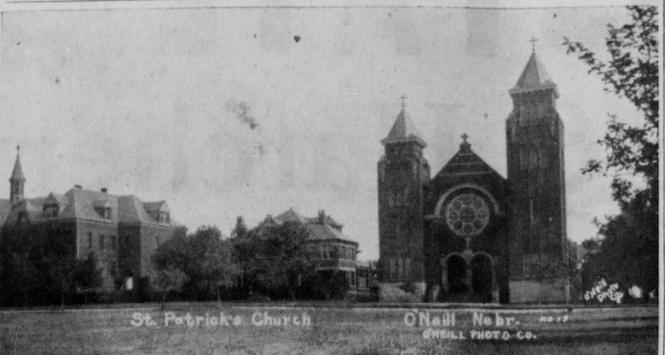

The cost of these improvements was \$1,125 for the tower and \$594 for the bell. For many years the bell was rung to announce six in the morning, 12 noon and six evening, and now in the tower of the enlarged new church the familiar tones of the bell call to worship. The bell sounded as a beacon during the '88 bliz-

James O'Connor, of the ashes of that disaster rebishop of Omaha; Very Rev. R. A. Shaffal, vicar general; Rev. M. F. Cassidy, pastor; and Patrick Hagerty and John McBride, lay members. Bishop O'Connor, ex-officio president, Father Cassidy, treasurer, and Mr. Hagerty, secretary, were the officers se-

By 1888 the membership had increased to 200 families.

As the outgrowth of growing sentiment, much planning and many meetings, on Sept. 13, 1890, the corner stone of St. Mary's Academy was laid and the work of building what has become a great educational institution was begun.

Bishop O'Connor died before this work was undertaken and Rev. John Jeannette, of Omaha, came to O'Neill to officiate at the laying of the cornerstone. Plans and contract called for a Rev. M. F. Cassidy was elevated to the dignity of monsignor but those who had known him through the long years of this pastorate preferred to think Plans and contract called for a ries, homes, hay stacks, fence posts and everything inflammable within its path.
