Notice of a Proposed Resolution of Necessity for Construction of Sanitary Sewer Lift Station and New Outfall Sewer to Elkhorn River.

Notice is hereby given that at a meeting of the City Council of the City of O'Neill, Nebraska, held on the 23rd day of August, 1949, at 7:30 P.M., there was introduced and placed on file, the Resolution of Necessity, Hereinafter set forth, which Resolution will be considered for passage by said City Council at a meeting to be held at the regular place of meeting of said City Council on the 16th day of September, 1949, at 7:30 P.M., at which time and place owners of property subject to assessment for the cost of the improvements contemplated by said Resolution may appear and make objections, if any they have, to said work, or to the passage of said Resolution, at which time said Resolution may be amended and passed, or passed as proposed, or rejected.

O'Neill, Nebraska.
Resolution of Necessity for Construction of Sanitary Sewer Lift Station and New Outfall Sewer to Elkhorn River.
Be it Resolved, by the Mayor and City Council of the City of O'Neill, Nebraska:

1. That since the present Outfall sewer has become overloaded and operates unsatisfactorily causing sewage to back up into several basements, it is deemed advisable and necessary for health and safety to pass this Resolution and to make the following improvements to the present sanitary sewage system in the City of O'Neill, Nebraska.

2. That it is proposed to construct a diversion manhole in existing outfall sewer immediately south of C & N W Railroad on 7th street extended, diverting raw sewage to a wet well, pump lift station and new outfall sewer. Diversion manhole, wet, well, pump lift station structure and equipment are to be constructed new and located in NE corner of the City Park south of C & N W Railroad. A new outfall sewer will also be constructed from lift station south to Elkhorn River, along old mill race near east side of City Park. All of the above improvements are to be designed and constructed so as to form a part of a complete sewage treatment plant at a later date.

3. To pay the costs of said improvements, the City shall, after such work is completed and accepted, issue its negotiable bonds, to be known as sewer bonds. There shall be levied annually upon all the taxable property in said city, a tax sufficient to meet payments of interest and principal as the bonds become due and such levy shall be known as the sewer tax and shall be payable annually in money.

4. For the purpose of making partial payments as the work progresses, warrants may be issued by the City Council upon certificates of the Engineer in charge showing the amount of work completed and material purchased and delivered, in the sum not to exceed 85 per cent of the cost thereof, which warrants shall be redeemed and paid upon the sale of bonds to be issued **before said**.

5. All of the above construction is to be done in accordance with the Engineer's plans and specifications therefore, now on file, which plans, specifications and estimate of cost are hereby approved and adopted and by reference made a part hereof.

6. The Engineer's estimate of cost of such improvement is \$37,500.00.

7. Be it further resolved that the City Council of the City of O'Neill, Nebraska, meet at 7:30 P.M. on the 16th day of September, 1949, at their regular place of meeting for the purpose of considering objections to the passage of this resolution and the making of these improvements, at which meeting this resolution may be amended and passed, or passed as proposed, or rejected.

8. Be it further resolved that the City Clerk be and is hereby instructed to cause notice of the pendency of this resolution to be published in the manner provided by law and the time for which said resolution will be considered for passage and objections heard.

H. E. COYNE, Mayor
Attest:
O. D. FRENCH, City Clerk. 16-18c
